

On This Side Of The Sun

By Phat

WELL, today I am going to have to be a bit unpleasant. . . . Being a sort of gullible guy, I believe all I hear unless the encyclopedia says it isn't so . . . and in this case, that set of books was no good. . . . So I'll just pass on the bad news. . . . A fellow told me yesterday that according to the local Indians, this coming summer is going to be the hottest in more than a decade. . . . They base their predictions on the way the weather has been going so far this year and on the attitude of animals and so on. . . . Happy July and August to you all.

THE MAIL brought this one this week: "Dear Phat: In regard to that painter who wrote about last week who insists on records while he works . . . that is O.K. . . . he is engaged in a beautiful aesthetic task and his soul should be inspired as his work progresses. But what I want to know is this—how does the household get away with furnishing music without Petrillo's consent or license. . . . This incident may be bigger than you think. . . . Petrillo should be notified." . . . This one, from Cathedral City, was signed "Fair-play."

COMES another letter, this one from W. R. Humphries. . . . He writes: "Just sized up Palm Springs after an absence of twelve months. . . . Sure, you need street signs. . . . Coming down the main stem from Los Angeles, traffic is slowed up as drivers try to read the signs to find where they want to go. . . . and here's a constructive thought . . . when putting up readable street signs, as a compliment to our good neighbors south of the Rio Grande, give the translation of the names, too. . . . What in (deleted) does Calle Abronia Aurita mean?" . . . You've got me.

THIS ONE I don't believe even if the encyclopedia doesn't have a word on it. . . . In Matt Weinstock's column in the Los Angeles Daily News he repeats that yarn—or rather, calumny—on Palm Springs of the woman who, with a party of friends, was enjoying potables, assertedly at 80 cents per potable. . . . she asked for a glass of water. . . . And, as the story goes, it came with a slice of pineapple, a cherry and a bill for 80 cents. . . . I don't believe it. . . . I asked my spies who look over the spots about it and they couldn't find a place in town that charged 80 cents per ordinary potable. . . . Which is lucky because they probably could not have paid that much.

IN TOWN for the day yesterday, en route to Calexico, was Charley Littler. . . . He's the advertising and publicity man for the FSP who wrote Mrs. G. last week that there must be something wrong. . . . the wind never blows at the Palm Springs depot (nine miles away from town). . . . and that she should check up on my complaint of losing my hat under the train. . . . I noticed he didn't have a hat on but was too polite to ask him if it blew under the train. . . . And, incidentally, for his benefit, since Mrs. G. wrote about my hat flying under the train, two other Villagers have called me to relate similar experiences. . . . Maybe Littler doesn't ride the FSP.

IT WON'T be long now. . . . Next Sunday is Palm Sunday and the week after is Easter. . . . and the Tuesday after Easter I can come out with a blast about all those things I said I wouldn't mention during Lent. . . . I've saved up a stack of letters. . . . But there's one thing I can mention. . . . anent traffic. . . . Got a call the other day from a woman who said: "Please take a crack at these drivers. . . . who won't dim their lights. . . . they are really deadly. . . . you can't see a thing. . . . That's an item for the police. . . . check." . . . She's right and it's especially bad because a lot of the drivers in town are coming here for a vacation and have the back of the car loaded which naturally tilts up the front end and makes the lights worse than ever.

ONE OF THE old landmarks of Palm Springs is being removed. . . . The first school here at the corner of Amado and Indian avenue. . . . Mrs. Lilly C. Goff brought me in a picture of the students then. . . . that was in 1921—maybe 1922—she wasn't quite sure. . . . In the picture she pointed out Katherine Finchy, now superintendent of the whole Desert school district but then a teacher. . . . Also she pointed out Milton Hicks and Dawson Goff. . . . It was too bad the engraver told me the photograph had faded so much it would not reproduce.

WHAT'S the matter with your musical predictions? . . . That was a query over the telephone Wednesday. . . . Well, my audience over KDSP, has been after me for "Heartaches" and "Anniversary Song" . . . I really haven't had a chance to listen to the Hit Parade so don't know. . . . Found a message on my typewriter that a woman at Smoke Tree had a Guy Lombardo record for me. . . . will track that down at once. . . . In the meantime, watch for "Sooner or Later" to make it.

AND, get out the sun suit. . . . May is coming and it's the best month of the year here.

County Council Of Boy Scouts To Meet Here

Plans for entertaining the Riverside County Council Board of Boy Scouts at a meeting here early in May were laid Wednesday night at a meeting of the Palm Springs district council at the Chamber of Commerce offices. Tentative arrangements also were made for a court of review in April and a Court of Honor in May for Troop No. 39 of Palm Springs.

County Scout Executive Carl Helmick and Field Secretary Bill Kenney who met with the Palm Springs council group reported that the county council officials are anxious to hold meetings around the county and probably would appreciate coming here for a session in May. Plans for staging a barbecue for the visitors were discussed by the Palm Springs and Desert Hot Springs men who made up the district group.

SCOTT THOMPSON, Scoutmaster of Troop 39, reported plans for an overnight trip and hike for the troop to Big Bear Lake this weekend. Frank Winterton of the local council and Jacques Crommelin, chairman of the Rotary Club Scouting committee, are assisting in transportation. Later the troop will participate in a weekend camporee with either Banning or Coachella Valley Scouts.

Carl Lampman, new Scoutmaster of Desert Hot Springs troop, reported that approximately 20 boys now are enrolled and other eligible boys are now in the community, assuring a large troop. Others present from Desert Hot Springs were Les S. Morgan, committee chairman, and John Kiel, committeeman.

ATTENDING from Palm Springs were Chairman Lienau, and Committeeman Carl Lykken, Frank Winterton, Robert McKenzie and Harry C. Harper.

CLIMAX OF THE 11th Annual Circus Week will be a dance at the Field Club, sponsored by the Owen B. Coffman Post of the American Legion.

Summer

Spring One Week,
Then—But It's O.K.

Last Tuesday the headline on this bit of trash tucked here in this corner of the Desert Sun was entitled "Spring."

For, on Wednesday, the fifth day of spring, it got summery—91 degrees, to be exact. Well, anyway, Los Angeles admitted 90 for the same day, so it wasn't too much out of line.

Temperatures for the week, since last reported in The Sun:

Wandering Goat Is Tossed Into Klink

BY BILL RASHALL

Even goats display a yen to see how the other half of the world lives.

They get tired of the same tins and sundry other items they like to eat, including newspapers which they digest with more relish than some people do.

Anyway the goat around which this story is woven, proved beyond a shadow of a doubt that he did get tired of being tethered to a small spot on the Reservation. It also proved by its later actions, that it definitely wanted to take a gander at the Palm Springs tourists and movie stars.

BUT THE SHADOW of a beautiful, brave blonde threw a tangible barrier across its pathway in the heart of town. In the end, the goat was tethered again but this time in front of the city klink, protesting in loud bleating tones the injustice of man and blondes and particularly, Chief of Police August Kettmann.

Luckily for the goat, it must be said for those who shielded it from harm, that senior Gavino Cabrillo of Banning didn't see the goat before Betty Ball, 1338 Camino de Anapola, who captured it. You see, Senior Cabrillo likes roasted leg of goat and early this month was arrested for trying to convert Villagers into the same passion for succulent cuts of goat for a price, per piece, that is.

BETTY BALL came upon the goat headed up Amado road halfway between Indian avenue and Palm Canyon Drive. Brave indeed was the young lady, when she "rode herd" on the roaming goat until she turned it over to Chief of Police Kettmann in front of the police station.

Kettmann remembered too, the omnivorous love of goats indicated on the part of Senior Cabrillo and thanked Betty Ball no end for the fine display of Village citizenship. Accordingly he tethered the goat in front of the police station and there a scene to rend the hearts of all goat lovers, who understand their language, took place.

THE GOAT of course couldn't be booked as a vagrant without any visible means of support because every time Kettmann asked his face with vigor and plenty of odor generally associated with its specie of the animal world. Pedestrians, hearing from afar the protesting voice of the goat,

Radio Program Winning Praise

The Community Musicales Program Tuesday night, March 25, was presented by the Chapel Singers composed of high school girls from the Community church, with Miss Joyce Allen as soprano soloist and Robert Dart as tenor soloist.

On next Tuesday evening, April 1, at 7 p.m. the Chancel Choir, composed of adult singers, will present an entire program of sacred music.

Sales Tax Held Up As Protests Filed

Ground, Air Combined In Big Show

Desert Circus This
Year to Feature
Rodeo, Air Circus

For the first time in its history, Circus Week this season will see features that will stretch from ground activities like the giant parade on Saturday, April 12, the rodeo that afternoon to an aerial circus over the Palm Springs Airport Sunday, between the hours of 9 a.m. to 1 p.m.

The parade, as in past years, will see riding associations from all over Southern California participate in addition to many floats. The rodeo, sponsored by the Owen B. Coffman Post of the American Legion, will see some of the outstanding cowboy and cowgirls competing for prizes.

THE AIR CIRCUS under the auspices of the Frontier Post of the Veterans of Foreign Wars and Post 34 of the AMVETS, will see a show that will compare favorably with the best of such exhibitions throughout the country.

General Carl "Touey" Spaatz, commanding general of the Army Air Forces, took time out from his busy duties to telegraph the VFW and AMVETS the best of luck on the staging of the first annual aerial show in Palm Springs and at the same time informed these veterans that March Field has been given permission to participate with what planes and personnel it is possible to spare in order to assure the show's success.

AS A RESULT, the famed P-80 Shooting Star jet plane will maneuver in tight formations over the field for the edification of patrons at the spectacle while others will be on the ground where military personnel will answer questions about the fast ship.

These jet planes and their pilots plus ground personnel are members of the 12th Photographic Reconnaissance Group, the only such unit in the United States. Details of the program have been delegated to Colonel Leon Gray, commanding officer of March Field.

GROUND PERSONNEL for the show will arrive the night before the show takes place with crash trucks, fire fighting equipment and a sufficient quantity of fuel

Still Some Seats Left For Insanities

Although all reserved seats for the unique Village Insanities, top stage attraction of the 11th Annual Desert Circus, had been claimed this week by Villagers, many good general admission grandstand seats still remain on sale, Willard Geib, chairman of the Circus tickets, announced today.

The tickets are on sale at the Circus headquarters in the offices of the Chamber of Commerce and will be available there until sold out. The Insanities will be produced Thursday and Friday nights, April 10 and 11.

GRANDSTAND seats will admit spectators to the large bleachers to be erected at the west side of one of the two courts of the Palm Springs Tennis Club on which the Insanities will be produced. Between the grandstand and the stage where Melba Bennett's inimitable Insanities acts will be presented, will be tables much in the manner of "The Drunkard" show. The "reserved tickets" are good for seats at these tables. Most of these reserved tickets were purchased by the Circus association members during the two-day priority sale last Friday and Saturday.

Arrangements were completed this week by Mrs. Bennett and Circus Chairman Hinkle for the installation of the unique stage, and booth and entrance designs created by Earl Cordrey and executed by a well-known firm in Los Angeles.

Wildcat's Victim
Recovering, Is Word

Confirmation by the California state chemist supporting the earlier finding by the county health department, that the wild cat which attacked Bobbette Buehler, 14, had rabies, caused the Desert Sun yesterday to send a query to the young girl's home in Pocatello, Idaho, where she was rushed for the long series of painful Pasteur treatments.

A telephone call to the Los Angeles office of the United Press resulted in a reporter of that giant news gathering organization to be tapping at the door of J. D. Buehlers' home in Pocatello within two hours.

IN ANOTHER two hours a report was back in the offices of the Desert Sun.

"Bobbette is recovering very nicely. There are no traces of rabies as yet. She has received her seventh anti-rabies shot and still has fourteen to go."

The news dispatch continued by saying that the young lady was back in school but was under the watchful eye of a physician and must not engage in strenuous exercises of any kind until all of the Pasteur shots have been administered.

AS A RESULT of the doctor's advice, youthful Bobbette is figuratively chomping at the bit. She really doesn't mind the shots so much but in order to obey the doctor she cannot go dancing, she told the U. P. reporter, and that's what she misses most of all.

Bobbette and her mother went by automobile from Palm Springs to Las Vegas, following the discovery that the wild cat was rabid. There she boarded a Western Air Lines ship and was flown to Pocatello, Idaho, where she started her long series of treatments.

New Highway To Idyllwild To Open Soon

Officials of the Palm Springs Chamber of Commerce Sunday will join with representatives of other communities around the San Jacinto mountains in a conference at Idyllwild which will discuss plans for the celebration marking the opening to the public of the beautiful Banning-Idyllwild highway.

The meeting, called by the Idyllwild Chamber of Commerce, will be held at 2 p.m., in the Stone Creek Lodge. Representatives of Banning, Beaumont, Hemet, San Jacinto, Palm Springs and other communities are expected to be present to lay plans for the highway fete.

CONSTRUCTED by county prison camp workers, the new highway provides a high-gear, year-round route between Idyllwild and Banning and serves as a link on a new "circle drive" that is expected to be enjoyed by thousands of visitors to Palm Springs. Once the road is open, motorists can drive from here to Idyllwild via the Palms to Pines Highway, lunch at Idyllwild and return over the Banning-Idyllwild highway.

The new road opens to recreation travel the verdant Dark Canyon section where the County Girl Scout camp, Azalea Trails, and several public camp grounds are located. The North Fork of San Jacinto river runs through this canyon and provides good fishing. The canyon has the finest display of azaleas and dogwood in Southern California. Nearby is Black Mountain, a popular motor trip since its summit provides unexcelled views of the San Geronio Pass.

WORK ON THE Banning-Idyllwild highway has been underway since two or three years before the war. Progress was slow during the war years due to the lack of heavy equipment, blasting powder and parts for the machines which dug the route through the rocky mountain sides. The new link replaces a twisting, snake-like one-way road which has been in existence since the early logging operations in the San Jacinto Mountains. Extensive cabin lands are expected to develop along its route wherever water is available for domestic purposes.

330 Village Signatures On Petition

Council Has Two
Means Open, Rescind
Or Call Election

Two anti-sales tax petitions which have been reported circulating through the Village almost since the ordinance was voted by the city council February 25, were filed with city clerk late Wednesday afternoon.

As a result, collection of the tax which had been scheduled to start April 1, will be held up pending action by the city council and may never become a law if the city fathers using one of two alternatives, rescind the ordinance. The other action open to the council, would be to place the proposition before the voters in a special election.

ONE PETITION was filed by Clinton S. "Cap" Bassett, wounded World I veteran with 68 names affixed to it. The other with 262 names was brought in and placed on the city clerk's desk by Charles V. Knupp, local electrical contractor and veteran of both wars. Knupp said that he has lived in Palm Springs since 1924, that is, "off and on" to quote him.

Roy Colegate, city attorney asked what effect the petitions would have on the enforcement of the city sales tax, said that under the California law, ten percent of registered voters would have to sign the petitions in order to make them effective. Under the law the city clerk would have to check these names against his voter's registrar within ten days to ascertain the sufficiency of the petitions.

"IF THE PETITIONS are found to contain the names of ten percent or more voters, the city council would then be forced to make two decisions relative to the sales tax ordinance," Colegate said.

One decision, according to the city attorney, would be to rescind its action of February 25 when the one per cent sales tax was voted thereby killing the proposition entirely. The other would be to place the problem before voters where a majority of the voters would decide if there should or should not be a sales tax.

In any event, Colegate said, the collection of the tax which was scheduled to start 30 days after its enactment by the city council will now not take place.

WELL INFORMED quarters close to the city government are inclined to believe that the city council will ask the voters to decide on the sales tax. In that case, the city fathers are expected to act with haste in order to place the proposition before the voters before the Village is deserted by most of the populace who leave

Western

Boots and Spurs,
It's Circus Time

Get out your boots and spurs, Partners, it's Circus time in Palm Springs again!

General Chairman Barney Hinkle of the 11th Annual Desert Circus today urged Villagers to wear their western garb during the next two weeks to promote the Circus atmosphere.

"Let's all get in the spirit with our western attire," the hard-working Circus chieftain urged. "We have many visitors from throughout the country who would like to enjoy the informal western garb but feel self-conscious if the rest of the Village wears only conventional clothing."

And it generally is not inexpensive to be without western gear during Circus week itself for the Kangaroo Court judges have a strong prejudice against conventional type clothing during Circus week. Wall Spalding, chairman of the Kangaroo Courts for this Circus, has selected some austere judges whose ideas of non-western garb run into many expensive figures, he assured Chairman Hinkle.

Rifle Club Will Be Organized at School in Fall

Representatives of the National Rifle association were speakers to a group of students during activity period March 24 at the high school.

C. B. Lister, executive director of the National Rifle association, M. E. Cameron, and Lee Echols, field manager of the California and New Mexico National Rifle association spoke to the students about organizing a rifle club at the high school for students and explained that equipment would be given to the high school for teaching the students how to use them.

There will also be competitive shooting between the different schools in the district if these clubs can be organized.

A committee of three, Bob Hillery, Chuck Stone and Candi Hughes were appointed to get the students opinions and cooperation in organizing the club at the high school. Bob Hillery was appointed chairman of this committee.

Photographs for Chia, H. S. Annual Meet Deadline

Paul Summers, photography and science teacher for Palm Springs high school who directs the photography class on work on the high school annual, said this week that he met the deadline Wednesday, March 26, for submitting all photographs to the engraver.

The pictures for the "Chia" had to reach the engravers in order to have "cuts" for the printer so that copies of the annual may be ready for those who purchased them before school dismisses, May 29.

VOICE OF EXPERIENCE

"Dorothy," said the junior high teacher, "just how would you describe a needle?"

"Well," replied the teen-ager, "it is a bright, shining sewing tool used around the world. It has a butt, throat, slot, latch, rivet, eye, shank and hook."

"Mercy, where did you learn all that?" gasped the teacher.

"I worked in a needle factory last summer," said the bobby-soxer.

Gazoozit

By LO LO VALLIER

If all days were weekends think of the fun we would have. Having written, however, to my district senator, the President of the United States and several other personages of renown, I have come to the conclusion that there is no hope for us in this line. Weekends will remain now the same length they were when your great grandmother's mother first gnawed upon a teething ring gnawing, then you have not dinged in this pastime, teething ring gnawing, then you have not lived.

But leave the teething rings and get back to the more serious subject of weekends—it is good to take a tiny backward glance just like Alice in Wonderland did in the Hall of Wonder where dwelt the rabbit with gloves of a white and not a mouse, and what a weekend it was! I shall review.

FRIDAY NIGHT the service club gave a dance and behold and to the school supplied the music. This drove Bob Hillery buggy in his bean, for his mind was upon the financial situation. But let us toss money, the root of all evil, into the deep dark depths of nothingness and tell you what handsome couples went flitting about the dance floor together. There were Chuck and Virginia, Johnny and Jeanette, Tom Archer and Glene Drenburger, Ed Wills and Joan Paulson, Bob Aronson and Pat Warren, Nick and Slocum, Dawn and Jackson, Sandra and Chuck, Jo and Red, Frank and Marlene, Ellsworth and Stinson, Don Williams and Sally, Murphy, the old Yuk-Yuk bird, and insignificant little me. (Three or four cheers for him!) Stagger for the night were Fern, Chuck Wilson, Eddie Potter, Joey Flavin, Mort Goldberg and others.

After the toe-tripping event (the dance) some of the kiddies made their way or made an effort to make their way out to the new lake built by man for men—and women too. (Also for girls and boys and infants which makes room for each and all). There was Sandy and Chuck and some others. Reports are vague.

BUT A FEW PEOPLE, the faithful few, landed so the story goes, up in L. T. and if you don't know what that stands for then just ask Jackson. He, the wit, can supply two answers. And up there gazing with enraptured expressions over the lovely scenery were Shirley and Noel, Earl Ruth with Jim Wills and Jackson and Dawn. Rah Rah!

To get on to more bread for the dead many of our local yokels were set upon a change of atmosphere and went galavanting up to other regions to something more than mere state fair in the fair state. 'Twas the orange show. And what, might I ask could be more delightful than roaming sections of San Bernardino and running right into some familiar Village square (pun!!) from down in good old Palm Springs. K. K. and Donnie went to De Molay up there, Coni and Mabel went along and did a little shopping and they happened upon the orange show per chance by chance or premeditation. Nancy and Jim and Audrey and Noel were there too. From the torch Fern carries for Flame we take it he was there too as were Chuck, Ed Wills, Tom Archer and others. Archer and Wills stayed for the dance and to hear them rave away they were more than a little impressed by all the stag girls. So goes life in the big city!

TO FEATURE the fantastic it seems that McKinney and Charlene have upset their little dream boat or at least experienced a little storm upon the high seas. Perhaps it will blow over, somewhat. Let us hope, at any rate that they survive the wreckage. Saturday night there was no big fine party but some of the kids were on the ball. Up L. T. way were Jackson and Dawn, Candi and Gillar, Inman and Wilson, and

a few others scattered hither and thither. Then there was a gang of girls who didn't let the absence of a party get them down. Out hunting went they and plentiful was the game. Their little gang has a name too, but that's a secret. Ask Cherie and maybe she will tell. When Jo showed her mighty strength by giving Virginia a boost into higher altitudes Jeanette wept great oceans of tears because she had no camera. If you don't know what I'm inking about then don't blame me. It's not my fault that you weren't there to view it all.

Seems Slocum and Nick get along real well. Dora Taylor is on the mad growl as per usual. Jo and Red are doing fine. There is no visible rift between Johnny and Jeanette yet. Virginia and Chuck are on the ball again. (Goodie goodie gum drops) Mary Lou Trop and Jay Holderman had one of the shortest romances in the school history. They went steady for all of one day. Though that big deal was soon dismissed as bad business they are still going out with each other. Tom Griffith has a new love in his life. It's a freshman girl named Anna Mae Houghton. Oh pity pat!! Yes indeed, even though none of these are going steady now the future looks fair and bright.

SUNDAY AFTERNOON Ellsworth and Stinson, J. R., Jeanette and Johnny, Jo and Red, Archer and Glen, Ed Wills and Joan Paulson, Shirley Renville, Bonnie Sue and Candi all went swimming in Palm Village though some of the fair maidens touched not the water with their toes often for the sun was the attraction to them with its promise of tans in the future.

Sunday night, lots of the kids made their way to the local cinema to see the Jolson story. Jo and Red, Jeanette and Johnny, Virginia, Shirley, Candi, and some others were there. Well, there's more to say but if I were to go on I might give way to some feline-like impulse, forgetting better judgment and meow too much which would surely be a shame. So that's all from this freak for this week.

Consumers generally fail to note that government cost-of-living surveys do not correctly reflect the results of the ending of the milk subsidy. When the subsidy was dropped, retail prices of milk went up around two cents a quart. This is actually a transfer from consumer's taxes to the consumer's purse.

Story of Rubber Told Students by Firestone Officer

Tracing the development of rubber from its inception in 1550 to present-day progress in synthetics and plastics, Charles B. Ryan of Firestone Tire and Rubber company of Akron, highlighted a talk to students in a special assembly Friday with illustrations of how latex is made and what some of its latest synthetic refinements are.

Mr. Ryan outlined for the students how rubber uses have grown from the time rubber was first used to erase pencil marks to current use of rubber for the manufacture of non-porous fabric threads. He envisioned a day when automobile tires would last for 100,000 miles. He told students that spilling ink on fabrics of the future would cause no embarrassment. It would wipe off without a vestige of a stain, he said.

THE STRATEGIC importance of rubber to the conduct of a war was made clear by the speaker. He told of the efforts of industrialists in the rubber field who have started rubber plantations in Liberia and Brazil to insure a steady supply of latex for the prodigious demand of a national economy that literally rests and moves on rubber.

Synthetic rubber, the Firestone executive said, has qualities that the natural product does not possess. It is man-made and man has been able to put into it some characteristics that are new and economically important.

Students received the talk on rubber with marked interest and gave the speaker vigorous and prolonged applause.

Braves Too Much For Indians and Slaughter is on

When the Palm Springs Indians met the Sherman Braves last Friday, the resounding clash spilled a solid 18 points for the Braves, and a weak 7 for Palm Springs.

"Cheeta" Roberts' gum brought ill-going instead of luck this game, for the Braves piled up a secure 10 points in the first inning. Hensen took over in the sixth, and allowed no more points for the remainder of the game. Hensen's successful squelch on the Braves mounting score was of little value except to save the Indians' faces.

Coach M. Thompson was non-committal except that "Sherman got such a heavy lead that Palm Springs could not surpass it."

The starting lineups were:

Palm Springs	Sherman
Hensen 3b	McColac
McKinney 1b	C. Siva
Roberts p	Beck
Armstrong 2b	H. Siva
Wiegantner 3b	Marvin

Activities of De Molay Spread to Many Cities

The Palm Springs chapter, order of DeMolay has grown from a small group of Palm Springs boys organized in 1945 to a chapter that today takes in Banning, Desert Hot Springs, and Coachella, according to Henry Greeley, chairman of the Masonic board of advisers.

The Palm Springs chapter has given the DeMolay and Initiatory Degrees in several surrounding communities. Saturday, March 22, the Initiatory Degree was given at San Bernardino. After the meeting the group attended the National Orange Show.

Wednesday, March 26, the chapter will initiate 26 boys into DeMolay from Coachella, five from Palm Springs, and one from Banning.

The DeMolays have been active socially. A semi-formal dance was given during the winter and a formal dinner dance will be given this spring.

Officers for DeMolay are elected bi-annually. DeMolay officers for the spring term of 1947 are: master counselor, Tom Griffith; senior counselor, Kenneth Youngs; junior counselor, Fred Gates; senior deacon, Donald Dugan; junior deacon, Harry Harbury; senior steward, Noel Brush; scribe, Donald Miller; treasurer, Edward Willis; chaplain, Edward Stinson; marshal, Philip Miller; sentinel, James Willis; standard bearer, William Slocum; almoner, James Searles; orator, Barry Miller; first preceptor, Jay Holderman; second preceptor, David Wheeler; third preceptor, Rollin Jones; fourth preceptor, Robert Knapp; fifth preceptor, Buddy Sale; sixth preceptor, Barton Arakalian; and seventh preceptor, Ronald French.

OLD CAVE FOUND

Newly found cave drawings identified with "Aurignacian Man" who dwelt along the Mediterranean some 30,000 years ago, have been found in the Grotto of Ebbo, Rhone Valley, southern France by Abbe Glory. Penetrating to depths in the cave previously unexplored, it was discovered that beyond the gallery discovered in 1870 by Ollier de Marichaud, there is an additional roomy chamber whose ceiling is dotted with stalactites and with prehistoric drawings showing the fauna of a temperate age—stags, oxen, bison, wild goats and what may be a wolf, a bird, and many horses. The cave is now classified as a "Historic Monument."

Cast for Senior Play Announced By Irving Sussman

The cast for the senior play was announced Monday by Irving Sussman, dramatics teacher. The play will be the Broadway success, "What A Life" by Clifford Goldsmith. The New York leads in this play were Ezra Stone, Eddie Bracken and Dorothy Fields.

The high school cast will be: Jim Searles as Henry Aldrich; Sally Robinson as Barbara Pearson; Barry Miller as Mr. Bradley; Don Williams as Bill; Vaccetto, Jack Pendry; Tom Schilling as Mr. Patterson; Ed Willis as George Bigelow; Ed Stinson as Mr. Ferguson; Dulcie Hoover as Gertie. The part of Mr. Nelson and Miss Shea are both still in question, since it was announced that two students are still being considered for each of the two parts: Tom Archer and Ralph Woodward for Nelson, and Barbara Croft and Diane Heller for Miss Shea. Jeanette Ofstun will try

691 to 720	1,000	May 1, 1971
721 to 750	1,000	May 1, 1972

The bonds herein referred to were voted for the purpose of raising money for the purchasing of school lots, for the building or purchasing of school buildings, for the making of alterations or additions to the school building or buildings other than such as may be necessary for current maintenance, operation or repairs, for the repairing, restoring or rebuilding of any school building damaged, injured or destroyed by fire or other public calamity, for the supplying of school buildings with furniture or necessary apparatus of a permanent nature, for the permanent improvement of the school grounds.

The assessed valuation of the taxable property in said School District for the year 1946 was \$16,845,400.00. There are no outstanding bonds in said School District.

The said School District includes an area of approximately 166 square miles, and the estimated population of said School District is 5,250.

The bonds will be sold for cash only and at not less than par and accrued interest to the date of delivery. Each bid must state that the bidder offers par and accrued interest to the date of delivery, and state separately the premium, if any, offered for the bonds bid for, and the rate of interest said bonds shall bear. A certified or cashiers' check for a sum not less than five per cent (5%) of the amount of the bonds bid for, payable to the order of the Chairman of the Board of Supervisors, must accompany every bid as a guaranty that the bidder, if successful, will accept and pay for the bonds described in the accepted bid in accordance with the terms of his bid, and said check shall remain in the possession of the Board of Supervisors until all of said bonds are bid for, provided, however, that no such guaranty shall be required to accompany the bid of any State or Federal Agency. The Board reserves the right to reject any and all bids.

Desert School District has been acting as a school district under the laws of the State of California continuously since 1893.

By Order of the Board of Supervisors of the County of Riverside, State of California, adopted March 17, 1947.

hurried to the source of the sound. Among them there must have been some human who understood goat language but no interpreter stepped forward to assist the chief.

There are signs, it is said, that can be intuitively understood between man and beast—especially a domesticated goat, but no one present possessed that sixth or seventh sense and the goat continued to ba, ba, ba, ba.

FINALLY, David Lee King, who turned out to be the owner of the goat, came upon the scene. From afar or via telephone he had learned that his pet had strayed the confines of his home grounds.

Between the two, the goat and its master, there seemed to be a deep understanding as they sauntered off in the direction of the Reservation, leaving behind them awed bystanders, including the chief, in utter, silent, admiration until some one broke the spell

Puts in Big Day
on Anniversary

If you want to know how to celebrate your birthday, just ask Esther Gilbert.

Last Tuesday evening she and a group of friends celebrated her natal day in grand style. First there was a party held in her honor at the El Morocco which Mrs. Ida Keeney manages for Mrs. Gilbert. There were cocktails served at the La Siesta, too.

Later that evening Mrs. Gilbert was seen dining with Mickey Wainess, Mrs. Ida Keeney and Mr. and Mrs. William Putnam at the Dunes. There was dancing at the Pogo Pogo as well. It was a big day.

Type of City . . .

out that of 155,000 municipal units in the nation, 85 percent obtain operating revenue from the collection of real taxes. Nevertheless many of these cities are seeking ways and means of increasing this income through many forms of taxation.

"In Palm Springs," Alworth added, "the real property tax is high but is not sufficient to maintain good government and allow for the expenditure for needed facilities."

ONE REASON for this, Alworth said, is the inclusion of the Indian reservation lands within the city limits.

"The city cannot derive any taxation from the lands of the reservation, yet they comprise half of the land area of the city," Alworth pointed out.

The only tax income from the Indian lands comes from what improvements exist there and that amount is negligible considering the density of population. He added that 27 percent of the residents of Palm Springs live on Indian lands.

AS A RESULT persons living off the reservation carry a good burden of the cost of city government that should rightfully belong on the shoulders of residents on the reservation.

"Even if the full amount of taxes could be levied against the reservation the income from real and improved property would not be sufficient to pay for many needed improvements within the city," Alworth said.

ADDITIONAL revenue would be needed, Alworth continued. Other cities in the country find that taxation on incomes, telephone and electricity bills and the invocation of sales taxes are needed.

"Once it is known what type of city the people here want," reiterated Alworth, "additional sources of income could be worked out to pay for future planning."

Mr. and Mrs. George Branson of New York were guests of honor at a buffet supper party the other night.

EQUINE BEAUTY—Barad, Arabian stallion, owned by the Dollie Farms of San Francisco, who will be shipped to Palm Springs to participate in the giant Circus parade on Saturday, April 12, and will be paraded before spectators at the rodeo that afternoon and Sunday.

Northern Calif.
Horses To Be
in Parade

Dollie Farms of San Francisco, California, has completed all arrangements to bring several horses of their show string to Palm Springs for the 1947 Desert Circus week. One of the outstanding horses that will be stable on the desert is Arabian stallion, who is a familiar sight to all parade-goers in Northern California. Considered a promising contender for the top honors in the parade horse class for the coming show season, Villagers will see him in the parade. Barad is the colt of an Arabian mare and an Arabian stallion that were both imported by W. Kellogg, and will be ridden in the parade by his trainer, Charlie Eblen.

Sernadin, a Morab stock horse, will also be shipped to Palm Springs by the Dollie Farms to participate in the parade. These horses are a breed that combines the speed and beauty of the Arabian, and the stamina and extreme soundness of the Morgan horse.

The owner of the Dollie Farms, Mrs. D. Adams of San Francisco and San Luis Obispo, plans to arrive in Palm Springs from the East in time to participate in the festivities during Desert Circus week. Mrs. Adams will be located at the Desert Inn.

They Call Him
Ice Cream King

Rapidly becoming known as the Ice Cream King of Palm Springs is Gene Brown, a fine example of what a World War veteran can do in the matter of re-orientation to civilian life.

Since his discharge from the services, he has gradually expanded his business at 1180 South Palm Canyon drive until now he manufactures most of the ice cream used by the finest eating places in the Village and has recently added a new line of confection known as Gene's Icecream pie.

Mrs. Brown and their two children, a boy and girl, all help around their combination restaurant and ice cream store and despite the fact that Gene has bought the land and buildings, he sees in the near future, due to the popularity of his food and frozen confections, freedom from debt soon.

Progress in America has resulted from the freedom of the individual to venture for himself and to assure the gains and take all the losses as they come.—Robert R. Watson, president of the National Association of Manufacturers.

Parcel 10 (Tract 6) containing 2.49 acres, including 5 shares Whitewater Mutual Water Company;

Parcel 11 (Tract 7) containing 2.49 acres, including 2 shares Whitewater Mutual Water Company.

In addition to the foregoing there is also included in this disposal an easement for sanitary sewer installed, extending along Tamarisk Road, Avenida De Las Caballeros and Alejo Road.

All land areas given have been approximated in accordance with information available in office files and are subject to correction.

Terms and conditions of sale, required bid forms, and all necessary information concerning the property and method of exercising priorities and submitting bids not herein contained, will be available on and after April 7th, 1947, at the office of the undersigned between the hours of 8:00 A.M. and 4:30 P.M., Monday through Friday. Priorities: The property is subject to the following priorities in the order indicated—

1. Federal Government Agencies;
2. Reconstruction Finance Corporation (for resale to small business);
3. State and Local Governments;
4. Former owners;
5. Veterans, their spouse and children, in that order;
6. Non-profit institutions.

Time and Method of Exercise:

The time for exercising priorities shall be as follows:

- (a) 1. Federal Government Agencies;
2. R. F. C. (for resale to small business);
3. State and Local Governments;

Ten (10) days beginning March 7, 1947 and ending March 17th, 1947 during which time offers must be received or written statements submitted of desire to acquire within a reasonable time as determined by the disposal agency, after information on price or other matters, not available during the 10-day priority period, is available at the office of the undersigned. This in accordance with Paragraph 8305, 11 (d) War Assets Administration Reg. 5, as amended, copy of which is available at the office of the undersigned to the above listed priority holders.

- (b) 4. Former Owners;
5. Veterans, their spouse and children, in that order
6. Non-profit institutions;
- Non-profit holders.

Ninety (90) days beginning March 7th, 1947 and ending June 5th, 1947.

Persons not having a priority may also bid during this period.

Famous Pageant to Start April 19 in Bowl at Hemet

The Palm Springs Mexican colony is all set for a gala fiesta on the grounds of the Frances S. Stevens school the night of April 19 when their queen for the Desert Circus will be chosen and plans for their float in the Desert Circus parade completed.

Candidates for Queen honors lie between eight candidates: Helen Prieto, Stella Prieto, Candy Reyes, Eleanor Mendoza, Dora Martinez, Anita Boldowski, Vera Prieto and Beverly Mendoza.

At a recent meeting of the Colony, Tony Prieto Jr. was elected president, Marcel Ortega, vice-president; Mrs. Concha Perez, secretary, and Frank Reyes, treasurer.

Tomorrow night, March 29, the Colony plans to stage a dance at the skating rink. Roy Randolph, Village dancing master, will be master of ceremonies for the event.

LOOKING BACK

"Mother," inquired the oldest daughter, "just how did Daddy propose to you?"
"I don't really remember," replied the wise lady, "but I believe he began by showing me his bank book."

Riverside County Weeklies Prepare For Active Years

At a meeting at the Hemet News in Hemet recently, the Riverside County Weekly Newspaper Publishers Association was reorganized, after having been inactive during the war.

In the election of officers, Justin Hammond of Corona was named president of the group and the post of secretary-treasurer went to Beverly James, publisher of the Elsinore Leader-Press.

IT WAS DECIDED to hold meetings every second month for the purpose of discussing mutual problems in publishing and commercial printing. The first meeting will be Saturday, April 19, in Hemet on the first day of the Ramona Pageant. Following the afternoon performance, the annual publishers' dinner which is given in connection with the pageant will be held. Publishers of all Southern California newspapers and their friends will be special guests at the banquet to which an invitation to Governor Warren has been extended. In addition to the governor, an elaborate program is being planned, including entertainment by Hollywood luminaries.

AT THE INVITATION of Carl Barkow and Lynn Crawford, publishers of the Banning newspapers, the June meeting of the reorganized Riverside County Weekly Newspaper Publishers Association will be staged in Banning, June 20.

Reorganization of the group was inspired by Homer King, veteran publisher of the Hemet News. Arrangements for the Ramona Pageant dinner are being made by Jim Gill of the Hemet News, who also is a member of the board of directors of the Ramona Pageant.

Not since the Indians used to hold their annual pow wows at the Round House on the reservation has such whooping it up been heard in Palm Springs as went on at the party given by Mr. and Mrs. Stuart Hopps at the Field Club Monday night. The guests gathered in Indian costumes in a setting of campfires and teepees and danced to the accompaniment of tom toms. Many of them could be heard going through town to the birthday celebration for Mrs. Hopps in the telly-ho from the Stables. A glamorous note was added by floating gardenias in the punch. Mrs. Hopps looked particularly lovely in an Indian costume of white suede. Elmo Purnell was also celebrating his birthday that evening but his outfit consisted of burlap chaps worn over an outfit of red flannel underwear.

Spending the week with Jimmy Cooper was his mother, Mrs. McDonald of Hermosa Beach. Jimmy, accompanied by Shirlee Hodge and Billie and Hutch Mosely, wished his mother 'many happy returns' at Bill Ude's Saturday night.

SUNDAY saw many of the Los Compadres off for Redlands where they were the guests of the Redlands posse for a luncheon ride across the lovely green hills that surround the city. A merry time was had by all, even though a few of the girls, unaccustomed to the dew like atmosphere, lost the curl out of their hair. Certainly those who went on the Desert Riders breakfast Wednesday could not complain of the same trouble as it was fair and warmer here on the desert.

It was a girl for Lori Lee and Tom Lyons, born on Sunday of this week in Los Angeles. No one will ever believe that the Lee Berings are grandparents. The stork is having a race over at Sunshine court. Bets are running high as to whether he will visit the Don Floans first or call

at the residence of Dr. and Mrs. Elliot.

JOHN BENTSEN left this week for a flying trip to Michigan on business and will return with a new Buick. The Homer Ferns took themselves off to Phoenix for a few days of rest and relaxation. The George Robersons have spent part of the week at their Balboa Peninsula home.

An exciting event we'd like to take in is the coming United States badminton tournament in Los Angeles, scheduled for the first week in April. Returning to this country from Panama, on leave from Uncle Sam, will come Dr. Dave Freeman to participate in the events. Dave, a Pasadena boy and one time student body president at Pomona college has held not only the national championship three years in a row, but the doubles and mixed doubles as well which is some sort of a record. It is a real thrill to see him in action on the court. The last tournament was played off at Durham, North Carolina in 1942 but Dave has appeared in exhibitions in Palm Springs at the Racquet Club before entering the army.

From where I sit ... by Joe Marsh

Apple Tree Versus Wheat Field

If you ever visit Jeb Crowell's farm, he'll take you right out on that back porch of his and show you his apple tree.

"There," says Jeb, "is nature's noblest creation—fifty years, and bearin' still the finest cider apples in the county!"

But last fall, when a group of us was there, Lud Denny points across the river to his grain fields and says: "There's an even finer sight! Acres and acres of golden grain you can make dozens of appetizing things with—including wholesome, sparkling beer."

Both of them got so eloquent on the subject, that the rest of us worked up quite a thirst; so Jeb goes to the icebox for beer and cider. And when the refreshments come, Lud chooses cider, and Jeb takes the beer!

From where I sit, that's the answer to most disputes. You can talk all you want, but when it comes to tastes and preferences, there's just no argument.

Many Activities Undertaken at Health Center Revealed in Report Made at Annual Meeting by Mrs. Holderman

By MADGE HOLDERMAN
Public Health Nurse

(At the annual meeting of the Welfare and Friendly Aid association last week the following report of activities at the Health Center were submitted by Mrs. Madge Holderman, public health nurse.)

Once again the time has come to tell of the many activities carried on here at the Health Center. I believe it is with pardonable pride that we look back through the past five years and note the steady growth of the Palm Springs Health Center in assisting the community in solving its problems. About the time I begin to feel complacent over the problems well handled, along comes the inquiry, "Where is the Health Center; what exactly do you do there?"

I wish that every citizen in our community knew of the individual and community help that stems from this source, made possible through the interest, work, and cooperation of this group here today, the Welfare and Friendly Aid association of Palm Springs. The name may be a bit unwieldy but I can assure you the operation of the group is anything but so. I wish at this time to express my thanks and appreciation to this organization, to the members who respond so graciously and willingly when called upon—not only in solving

the big problems but also the thankless little tasks that are so willingly undertaken. As your health center director and public health nurse, I want you to know how much it means to me that having found a health hazard and a remedy is possible thru your efforts. Whether it be financial assistance over a rough spot or an illness, Welfare can be counted on to come thru. Below par families, of low or no income are given milk orders, cod-liver oil and other medically prescribed R's.

MANY are the interviews held here, aid given to the non-resident sick, transient families helped to their destination. Occasionally, stark tragedy is averted; for example, when a working girl or man is told she or he is a tuberculosis victim and must be hospitalized for his own family's sake as well as for health and community protection. You can readily see the hope and help that is possible when emergency help and a plan for carrying out the enforced rest is offered.

I wonder if you recall the help given a rheumatic heart case this past spring. Two months on a farm with rest and good food restored the child in question. Transportation to specialized clinics such as the Crippled Children's is made available through our welfare organization. In the past, prompt care and hos-

pitalization have been made possible by the guaranteeing, of necessary expense by welfare. There are many more instances in which the Welfare and Friendly Aid have played a leading role—not always spectacular but none the less, important.

SO MUCH for the brief review of activities directly charged to Welfare and Friendly Aid. Now, an outline of routine procedures. I believe you all know that once a week there is a venereal disease clinic held. The county health department supplies a trained doctor to diagnose and give necessary treatment. Lab work, such as blood test and smears for gonorrhea are taken; Rx offered when necessary. We have about eleven cases under treatment at this time. There have been well over 600 patient visits to Vd clinic this year.

Monthly prenatal clinics are held. These are small, averaging about three to four patients—as the health department policy is to place patients under local medical care where ever possible. Until such time as they are lined up we offer care, physical examination, and of course, advice.

THE FOURTH TUESDAY each month, almost e'er sun-up a procession of baby conveyances will be seen wending their way down Amado Road for the well baby conference. Only well children are welcome and mothers who bring sick infants are directed to local medical men. The children are measured and weighed by competent helpers, then Dr. Van Cleave, the health department pediatrician checks each child, discusses feeding and behavior problems, and answers questions that the mothers have. Immunization as well as vaccination is offered. The overall attendance at these monthly clinics this past year is in the neighborhood of 650. The expected post war decline which we anticipated has not materialized. At our last clinic we had an attendance of 67 children. We notice an increase in the colored attendance, although Mexican, Indian and white are well represented.

Diagnostic chest clinics too have had their innings, with Dr. Frank P. Miller, chest specialist, in charge. Four of these clinics have been held this past year with eleven cases of active tuberculosis reported. Of this number, four were totally unaware that they were infected. This means that they were discovered early, before too far advanced to make a good and easy recovery. Two of the eleven were aware of their condition but had to be sold on hospitalization. The X-ray purchased by this group has done much to expedite the discovery of tuberculosis in that there is no more guess work—all histories at all suspicious are right then and there X-rayed. It certainly makes all the difference between a good and bad program, believe me! I am quite the envious nurse in the county that I have the machine and am able to get all questionable persons checked immediately.

THE DENTAL SURVEY got off to a flying start this fall. The local dentists surveyed all school children and made recommendations. Actual clinics have been delayed due to failure of promised technicians to come to Palm Springs to put the equipment in order. We are hopeful that we will get under way soon.

I have neglected to mention that 41 Christmas baskets were filled here at the health center. Also that used clothing is brought here for delivery to the House of Friendly Service. In addition to these activities, the county workers in other departments make this their headquarters when in the Village; for instance, the worker from Old Age Assistance department and the County Welfare worker.

In closing, I believe you all will agree that our health center is a vital part of our community. It is my earnest wish that we may continue to expand in community service. There is not a doubt in my mind when I note the addition of the new workers to those of long standing, we are bound to go on to a bigger and better program.

Peanut butter was one of the "high nourishment foods" sent to the Netherlands by American Relief for Holland. With oleomargarine, jam, and other spreads, peanut butter replaces the famous Dutch cheeses. Hollanders formerly ate for their noon meal.

Neighbor, "Does your father play golf?" Little boy, "No, he learned to swear like that in the army."

De Anza Days Celebration Will be May 1, 2, 3

The days of fiesta in Old California are gone, but a modern echo of this era of romance and high adventure in the Golden State is to be heard once more in Riverside with the revival of the annual De Anza Days celebration.

De Anza Days, which will be held May 1, 2, and 3, will provide three days packed with unique features recalling the era of the caballeros.

The celebration will take on the aspect of a county-wide event because of the close association between the era which now forms Riverside county and the original trail blazed by him for whom De Anza Days is named.

In 1774, Captain Juan Bautista de Anza was commissioned to lead an overland expedition from what was then Mexico to that new land called California.

His route dipped deep into Old Mexico and then wound northward across the shifting sands of the desert until finally the colonists entered a canyon and crossed a pass into the modern Cahuilla valley of Riverside county.

The Riverside celebration, sponsored by the Junior Chamber of Commerce, will again be opened by the unusual chuckwagon breakfast.

A native Spanish California jamaica, street dances, costume balls, carnivals, the momentous arrival of Capt. de Anza all will prove supplemental features for the De Anza parade, May 3, limited solely to horse-drawn vehicles and to mounted and marching groups, all attired in the costumes of the earlier eras of California history.

What is called liberality is often merely the vanity of giving.—La Rochefoucauld.

Headley, Johnny Palmer, Andy Wood, Carol Waller, Herbert Henry, Orville Wood, John Cason and Chief Mile Gordon. The reason Robert Hillery, son of Mr. and Mrs. W. R. Hillery, prominent Cathedral City residents, is not in the picture is because he was behind the camera, taking this shot.

Garden Club To Meet March 29

Members of the Palm Springs Garden Club will listen to an address by W. R. Wright, county agricultural commissioner, Saturday, March 29.

The meeting which is to be held in the Fiesta House of the Desert Inn at 2 p. m. will hear Wright discuss the subject of "Pest Control and Quarantine Objectives."

Members are asked to bring flowers, twigs or other growth, boring pests or showing the effect of these pests. Wright will then examine these samples and explain the cause and cure. Members are asked to bring these samples in containers so that they can be displayed without endangering the shrubs, flowers and trees on the Desert Inn grounds.

Frank Cutler, president of the Garden Club will preside and introduce the speaker.

New and Retiring Presidents Honored

The Women's Auxiliary of Frontier Post of the Veterans of Foreign Wars held its annual dinner in honor of retiring President Mrs. Neva McEvoy, and the newly elected president, Mrs. Frona Gill, last Tuesday evening at 8 o'clock in the Pago-Pago.

Attending were Mrs. Neva McEvoy, Frona Gill, Veda Kelly, Katherine Lotz, Mable Bryant, Lillian Hale, Beatrice Hamilton, Mary Rittgers, Glynn Artz, Pauline Self, Juanita Dunsworth, Nellie Goodale, Mrs. Loukinen,

Arcade Building to be Buzzing

The new Palm Springs Arcade building, 457 N. Palm Canyon drive, will be fairly buzzing with activity Saturday, for that is the day the Holloway House of Interiors with Peg's Hitchin' Post will be open to give the people of Palm Springs the charm, efficiency, and special services of their new shops.

Peggy Forsyth, owner, is widely experienced in the line of Antiques and Interior Decorating, having her "shops of charm" in Laguna Beach and formerly in San Marino. Her new branch of Peg's Hitchin' Post will feature antique bric-a-brac, brass and copper, unusual lamps, and a charming display of old pine furniture.

The Holloway House of Interiors will offer complete home redecoration, a fine selection of samples for draperies, rugs and upholstery, and many unusual ideas for homes of every type. Mrs. Forsyth, assisted by her daughter, Marilou Holloway, will be available for consultation the year around.

In connection, Charles A. Hunter, architect, and member of AIA, will have a branch of his Laguna Beach office. Mr. Hunter has already completed several homes in Palm Springs.

and Mrs. Haley. Auxiliary member, Mary Rittgers, entered, and won, the rumba contest that took place later in the evening. The prize was a bottle of champagne which is to be saved for a celebration at the V.F.W.'s installation day, in April.

MORE ABOUT ... Sales Tax ...

Palm Springs between May 1 and June.

Mrs. Louise McCarn, city clerk, is expected to leave for Riverside, to check the names on the petitions against the county registrar. She is then expected back in the Village either tonight or Saturday morning, at which time a special session of the city council will be called to listen to her report. If the petitions are reported "in sufficiency" as to legitimate voters, it is said a special election will be called, which under the law, cannot take place for thirty days.

KNUPP, in discussing the sales tax petitions he filed, said he and a solicitor worked quietly in the Village in obtaining the 262 names and that during his campaign he found that 70 per cent of the businessmen were against the sales tax. A glimpse at the list of names on his petition revealed that some of the most prominent persons in the Village had signed the petition. Among them, too, were several who spoke in favor of the proposition when a public hearing was held before a regular meeting of the city council in February.

The city sales tax was decided upon by the city council when it had exhausted all other means of raising necessary funds with which to finance needed additional housing for the city government; a swimming pool and a wading pool for children; a branch fire station at the south end of town, recreational centers, which the city does not have, and many other additions and improvements to Village life.

ACTING as a mouth-piece for those opposed to the sales tax, Knupp declared that he is in favor of all those things the city needs, but believes that other means than taxation should be used in raising the money. For one thing, he said, the doctors of the Village should be charged a graduating amount on the price of a city license based on the amount of money they earn. He also offered this plan in the case of businessmen and contractors.

Of the latter group, he said, it isn't fair to charge him the same license as a contractor who earns four and five times the amount of money that he does. He spoke of many other plans the city could use in raising money but he was against the use of any further taxation when nationally the trend was the abolishment of war-time taxes.

In 1880, only 14,000 people lived in the District of Columbia.

Big Show ...

necessary for the operation of the jet ships.

THE AMERICAN LEGION, staging the rodeo, will use the receipts from that event in the building fund for the Wars Memorial Building. The other two service organizations will use what profit, if any, from the air circus to endow two beds at the Community Hospital, and for other welfare work.

The rodeo this year promises to be one of the most outstanding events in the history of such staged affairs in the Village.

Already booked for a stellar part in the show is Gene Rambeau, 1946 "all-around" champion cowboy. He is entered in four events and his act is said to be worth the price of admission alone.

THE ARENA MASTER for the two-day rodeo is the well-known rodeo stock raiser, Andrew Jauregui, whose animals were used in last season's rodeo. He will have on hand the fiercest Brahma bulls and wild steers as well as the "buckiest" broncs ever to feel the unwanted weight of man on their backs.

The grand marshal of the parade and rodeo is Leo Carrillo, motion picture and stage star. Abe Lefton, master of ceremonies and announcer, will perform again as he did last year.

And, as usual, Little Bear will lead the parade, practically the fiftieth time she has.

P.S.H.S. Girl
Takes Honors in
Lions' Contest

The Lion's Club district speech contest was held in the high school auditorium Thursday, March 20. Cherie Mashburn, P.S.H.S. student, won over her opponent, Phillip Winans, of Banning.

This was the district contest, between representatives of the schools of this area. Phillip Winans had previously won over a Beaumont speaker. Coachella entered no speaker in the contest. Cherie Mashburn is the winner of this area and will represent this district in the regional speech contest to be held either in Riverside or San Bernardino on April 20.

The judges for this contest were Katherine Finchy, superintendent of the Desert School district, Harold Jacobs, noted newspaperman, and Carl Lykken, local business man and Rotarian. These judges judged the speakers by giving a possible score of 50 per cent on the effectiveness of the effort on a whole, 30 per cent on the text alone and 20 per cent on delivery alone. The judges were chosen in accordance with Lions Club regulations which state that judges at these contests cannot be members of the Lions Club or be connected with the competing schools.

Mr. Winans was accompanied to the contest by Mr. M. Manly Lewis, speech instructor for the Banning High school, also Mr. Adrian, a member of the Lions Club and Postmaster of Banning.

Desert Sun Entry Runs Out in Gila Derby

Salton Sea Sue
Finishes Second
In Annual Event

By PHAT

Salton Sea Sue, the entry of Harry Oliver, Alcalde of Thousand Palms, just placed in the Glendale, Ariz., Gila Monster Derby, according to a collect message received Wednesday morning.

Easter Parade, the Desert Sun's entry in the event, ran out. Or, if you like it better, also ran.

ACCORDING to the wire from Dusty Waller of Glendale: "Darned if Salton Sea Sue didn't run second by a nose to Miss Salome who danced across in record-breaking time. Flying Gens, the Arizona prize entry and favorite, was left sleeping at the post."

As for Easter Parade! SHE WAS a ringer after all, just a long lizard and not a Gila Monster. She got in a jam at first turn, was crowded to the rail and never had a chance.

Sloe Gin, the Nevada entry, was actually slow instead of sloe.

The Gila Monster Derby was sponsored by the Lions club of Glendale and Easter Parade, the Desert Sun's entry, was the first from Palm Springs.

Track Season
Is Under Way

The interclass track meet at P.S.H.S. starting March 23, 1947, marks the beginning of another fast season. Contests between the senior, junior and sophomore track teams will be held this week, with old records likely to topple and new ones set. Tuesday, the 50 yard, 100 yard and 440 yard races will be run.

New Road Planned
in Borrego District

Two hundred members of the Roads to Romance association visited the new Borrego Springs multi-million-dollar desert resort community development over the week-end and adopted as their latest project the installation of a new road running up picturesque Coyote Canyon near the tract, it was announced by Robert Ransom of the Borrego Springs company, who acted as host to the visitors.

Plans Taking Shape for Thirtieth
Easter Dawn Service; New Location
Chosen to Handle Increasing Throngs

By DR. J. R. MACARTNEY

Some thirty years ago, to be exact, it was on April 8, 1917, that the first Easter Sunrise service was held in Palm Springs on Sunrise Point.

Of those present at the first service there continue with us Carl Lykken, Mrs. Zaddie Bunker and Mrs. J. J. Koehler.

Successfully through the decades and more than a quarter century the voice of praise and adoration has been lifted from the hillside above the Desert Inn.

INCREASING by hundreds and then by thousands, the attendance has attained over-flowing proportions.

Talented musicians and choirs have been brought from afar until the last three years when under the skilled leadership of Holly Lash Visel, hme talent has more than filled every necessity and expectation.

This season, therefore, is the thirtieth such event, which has become the outstanding religious and culture occasion of the entire season and has given Palm Springs nation-wide publicity.

CONGRATULATORY messages have been received from every portion of the nation when these services have been broadcasted.

A colorful feature is the release of white-winged birds just as the sun appears above the eastern horizon. These gentle creatures with unerring instinct circle for a brief time and then make off toward their home coasts.

This season, owing to increasing multitudes, scarcely to be accommodated within the Desert Inn grounds, the program will be given from the ramparts above the golf course.

A PLATFORM is being erected, upon which bleachers from the high school athletic field so placed, as to give the musicians and participants abundant opportunity to see and be seen by the multitude who will assemble on the green sward and on the rocky hillside beneath.

As many as have them should bring their camp stools.

Entrance will be through the main entrance on Andreas road and also through the north entrance on Alejo.

EACH YEAR Bill Hay, well known radio artist, gives a reading, usually selected from the poem entitled "God of the Open Air" by Henry Van Dyke.

Babs Neel Queen
for Second Time

Barbara "Babs" Neel, popular member of the class of '45, was judged the typical outdoor girl in Palm Springs, and in a contest at Deep Well ranch became Queen of the 11th annual Desert Circus Sunday, to be held March 16. The contestants were judged for horsemanship, personality, and attractiveness.

Babs was active in school affairs during her four years at P.S.H.S. She held offices in G.A.A. and in her class. She was voted the outstanding athlete of '45 by her G.A.A. teammates.

This is not the first time Babs has been a "queen". She was voted G.A.A. Carnival Queen in '43. After being graduated from P.S.H.S. Miss Neel attended Woodbury Business College. She is now employed as a secretary at Villa Hermosa.

RAMONA PAGEANT—Henry Brandon (Alessandro) and Juanita Encell (Ramona) who play the leading roles in Hemet's outdoor pageant, three weekends beginning April 19.

Ramona Pageant Starts Twentieth Season April 19

California's most famous outdoor spectacle, Ramona, opens in the historic Ramona Bowl near Hemet on April 19.

This pageant-drama will be starting its 20th season in its own amphitheater located at the foot of towering snow-capped Mt. San Jacinto. During its 19 seasons it has been viewed by over 350,000 spectators.

Ramona is always presented over weekends and this year's schedule includes matinees at 2:45 p.m. on April 19 and 20, April 26 and 27, and May 3 and 4.

The romance of two Indian lovers as written by the late Helen Hunt Jackson in her best selling novel, Ramona, is a result of the work and talents of the citizens of Hemet and San Jacinto who perform their duties in presenting the play as a labor of love for the twin communities.

This season Juanita Encell and Henry Brandon have been engaged for the roles of Ramona and Alessandro. This will be the second consecutive season this pair have played the leading parts. Brandon is flying west from New York where he has been appearing on the stage.

Business in the two towns is almost at a complete standstill during the Ramona season since nearly every merchant is busy at some task at Ramona Bowl. The 300 odd members of the cast are all from the two communities, and all other work attendant with giving the performances is allotted to residents so little private enterprise can be pursued while the play is on.

Over 2,000 new seats are being erected in Ramona Bowl for this season plus many other new improvements under the direction of Edward Poorman, president of the Ramona Pageant Foundation. Producing the play for his second year will be Adrian Awan, who has just concluded serving in a similar capacity for the Mission Play in San Gabriel.

THE DESERT INN was the setting Tuesday for the annual card party of Our Lady of Solitude church, sponsored by the Altar society.

Forty-six tables were placed in the beautiful lounge and on the porch to accommodate the players. Many friends also came to mingle with the guests at the bridge tables and to enjoy the delightful tea that was served after the game.

The Altar society is very grateful to Mrs. Nellie Coffman who donated the Inn and to the following that donated prizes: Tom Holland, Mrs. Hubbell, Denslow's, Milner's, Bullock's, Village Pharmacy, DuBois 5 & 10, Joshua Tree, Palm Springs Drug Co., Orchard Flower Shop, Earl Cordroy and Jana.

Usually, I don't like poetry. But this one, by R. Nelson Finch, who admits he's 82 but looks fifties, intrigued me because of the name—The Desert Sun. Both of them cover the desert. So here it is, from his book "The Lure of the Wild-woods." Thanks, Phat.)

THE DESERT SUN

This is a song of the desert,
Out where the glowing sun
In his delight runs riot
Over the desert dun.

Waking the early morning
Streaming forth silvery light;
Buffeting back the blackness
Of the receding night;

Slowly, silently skimming
Over the mountains gray,
Shimmering rays of sunshine
Herald the dawn of day.

Down from the heights of heaven,
Searching with piercing glare;
Every crack and cranny
Flooding with sun-drenched air;

Belching out blazing brightness;
Flashing forth flaming heat
Down in the cavernous canyon,
Out on the silent street;

Striking with talons of terror
Everything living in sight;
Banishing beasts of the mountains
Into their dens of night;

Chasing the lazy lizard
Under the cactus shade;
Burning the last green herbage
Into a sombre red;

Scorching the toil-stained traveler
Tramping his tortuous road,
Blistered, blinded and bleeding,
Staggering under his load.

Phantom pictures, portraying
Water, and trees in bloom,
Mocking mirage, misleading,
Luring him to his doom.

Onward as day advances,
Moving toward the west,
Flaunting his fiery fingers
Over the mountain's crest;

Tinting the tapering turrets,
Yellow and purple and rose;
Silently, solemnly sinking
To his serene repose.

Painting the sky in splendor,
Flashing his parting ray;
Flooding with gold the twilight
Of the departing day;

Lovingly, longingly lingers,
Kissing the crimson sky—
Red lips with glory gilded,
Bidding a fond good-bye.

Thus in the grim, gaunt desert,
Sun-drenched, grizzled, dun,
Out of the brazen heavens,
Shines forth the blazing sun.

Miss Aalto Is Bride at Rites at Church Here

A double ring wedding ceremony took place at the Community church last Saturday afternoon when Joseph H. Inabnet and Miss Kaino O. Aalto were united in marriage by Reverend John R. Macartney, pastor of the church.

Accompanying the bridal pair to the altar were Walter A. Scott and Mrs. Clifford S. Heinz. A profusion of flowers prepared by the Village Flower Shop decorated the altar.

Following the ceremony a reception was tendered the couple in the church parlors at which Mrs. James Blackstone and Miss Patricia Fowler presided as hostesses. Those present included Mr. and Mrs. H. D. Geachie, Mrs. Margaret Munro, Miss Jean Mair, Miss Alameda C. Wirth, Miss Ann Cassidy, Miss Nora Barr, Miss Anna Myers, Mrs. C. F. Blue, Maybel E. Sockman, S. V. Cunningham, F. McAleese, Mrs. John Robertson Macartney and Mr. and Mrs. Walter Scott.

The bridegroom was only recently returned from military service abroad and after his discharge from the army, the newly married couple will visit in Louisiana where Inabnet's family reside. Later the new Mr. and Mrs. Inabnet will make their home in Pittsburgh, Pa.

Mecca Preparing For Pageant to Greet Easter Day

The time for the presentation of the Mecca Easter Pageant is not far away, and the play and the music are approaching the polishing stage. The pageant is a community project sponsored by the Mecca Civic Council, and participated in by residents of Coachella Valley. This is the second year of its scheduled annual production.

It will be given on April 4 at 8:30 p.m. in Box Canyon, seven miles east of Mecca, on a natural stage with background of stratified rock characteristic of the desert. It is beautifully costumed, and there are many experienced players in the cast.

THE MUSIC will be presented again this year by Wynne Davis Hammond and Alexander Hammond, with Orpha Steiner as organist. The Hammonds are professional stage and radio singers. The music for the opening song was composed by Cecelia Foulkes, of Mecca, who studied harmony and composition at U.C.L.A.

There will be no seats, but the sand will be cleared in the audience area. A loud speaking system will be employed in case of

wind. There is no admission charge.

HERB OVITS, of Indio and Mecca, who managed the Mecca Pageant last year, was unanimously voted into the job again this year by the Mecca Civic Council, of which he is a member. Herb devoted almost two months of his working days to the pageant last year, and this, and although the work was new to him then, he did a grand job, and this year he is handling it like a veteran.

The sponsors feel that nothing short of a miracle was accomplished by the community of busy ranchers and business persons who turned out to put the pageant over.

There were over two thousand persons in attendance last year.

ANSWER TO WORLD PROBLEMS

If men and nations would but live by the precepts of the ancient prophets and the teachings of the Sermon on the Mount, problems which now seem so difficult would soon disappear.—President Harry S. Truman.

On the Spot Tale Of Great Work of Red Cross Related

A vivid eyewitness account of the great work being performed by the American Red Cross was given this week by Morris Buckhantz of 1211 San Jacinto Way, Palm Springs. Mr. Buckhantz is president of the Los Angeles Cotton Company, which is located on the corner of Pico and Stanford streets, directly across from the O'Connor electrical company which was completely demolished by a recent explosion.

Mr. Buckhantz was in his office at the time of the disaster, and along with many others, narrowly escaped death by the flying fragments from the terrific explosion which was heard for miles around. Mr. Buckhantz stated that the units of the American Red Cross were on the spot almost immediately, giving much needed aid and assistance to the victims of the disaster in which 17 persons lost their lives and many others were injured.

NOT A MINUTE'S time was wasted by the Red Cross workers, he said, and many persons were saved that might otherwise have perished had they not received first aid when they did. The Red Cross workers remained long on the spot, too, Mr. Buckhantz said, caring for many who suffered in one way or another as a result of the explosion.

The Los Angeles Cotton company suffered extensive damage, but would have been much worse if the shock hadn't been partially absorbed by the many bales of cotton that were stored in the warehouse of the concern. Mr. Buckhantz said that he had seen many other reasons why the Red Cross should be supported also. He has many relatives who were victims of the Nazis during the war, and the American Red Cross has succeeded in locating many of them, and has arranged passage to the United States for several members of his family who were sufferers in Germany.

Personalities

Visiting Mr. and Mrs. Oliver Jaynes at their home on Via Los Palmas were Mr. and Mrs. Roy Stovall, Mr. and Mrs. R. P. Peyton, and Jack Stunton. They dined at the Tennis Club, cocktail at the Racquet Club and cooked their own steaks in their own back yard.

Mr. and Mrs. Milton Joseph were seen lunching at La Cita, enjoying the outdoors and the peaceful atmosphere of Louis Thompson's hospitality.

Bombay dining during the week were Don the Beachcomber of Hollywood, Mr. and Mrs. Marshall "Smiley" Duffield, Mr. and Mrs. Mark Healey of Balboa Island with Roy Randolph and Beverly Winnott, Author Donald Hough and his wife, the C. K. Fultons, and the Milton Hicks.

Also seen dining at the Doll House were Mr. and Mrs. Charles Skouras, Mr. and Mrs. Tom May, Mr. and Mrs. Jay Gould, and Mr. and Mrs. James Whitehorn.

Saturday night at the Racquet Club was almost Hollywood night exclusively. Seen there were Veronica Lake and husband Andre de Toth, Harry James and Betty Grable, Ken Murray, Anne Southern, the Sam Goldwyns, Willie Wyler, Jane Weeks, Truman Bradley, and Mr. and Mrs. David Rose, he the British producer.

Gerry Hoppe's birthday was the occasion for a dinner at the Doll House last Sunday. Those eating cake were Bill and Mary Gargan, Claude and Ruthie Veleur, Trav and Willie Rogers, Dorothy Gray, Jack and Louisa Kriendler, the Bill Bassiches and Pete Kriendler.

Visiting Mrs. Clay Borden is Mrs. Vivian Green of New York. Miss Nancy Jaynes will be spending her Easter vacation with her parents, the Oliver Jaynes. Nancy attends the Finch School in New York City.

Mrs. R. F. Graettinger was in the Village last weekend joining her husband, editor of The Sun, in a combined observation of a 29½ year wedding anniversary and his birthday.

Desert Museum Notes

TONIGHT'S MOVIES — Tonight, at 8 p.m. in the Fiesta House of the Desert Inn, the Desert Museum will show an official documentary film, "Coastal Command". To be unreeled with it is a color movie taken on the various field trips conducted by the museum this season, including Joshua Tree National Monument, Dripping Springs, Hidden Springs, and Snow Creek Falls.**JOSHUA TRIP**—The field trip tomorrow, will be an all-day auto caravan without hiking to Joshua Tree National Monument again. Those interested will meet in front of the Museum at 9 a.m., bring your lunch and water, and will return to Palm Springs before 5 p.m. Stops will be made at Hidden Valley for lunch, at Key's View, and at Twentynine Palms.**DIRECTOR TO SPEAK** — In response to several requests, the museum director, Mr. Lloyd Mason Smith, will present an illustrated talk on his last summer's Arizona-Utah trip, including Monument Valley, Rainbow Bridge, Oak Creek Canyon, Betatakin, the Petrified Forest and Canyon de Chelly. This talk will be presented at 8 p.m. in the Fiesta House of the Desert Inn. Mr. Jaeger of Riverside, originally scheduled to talk at this time, was forced to cancel his appearance.**TUESDAY'S FILMS OFF** — Next Tuesday, April 1, there will be no museum-sponsored program, because of priority use of the Fiesta House by the American Legion.

Noted Figure Spends 2 Days at Borrego Springs

Raymond C. Schindler, world's foremost detective and head of Schindler Bureau of Investigation, New York, spent the past two days inspecting the multimillion-dollar desert resort community at Borrego Springs in the interests of eastern capital, it was learned today from Robert Ransom of Palm Springs, an official of the Borrego Springs company.

During his tour of the new desert development, Mr. Schindler was accompanied by Lawrence Barker and Paul Grafe of Los Angeles. While visiting Borrego Springs, the New York detective, who won world-wide fame for his participation in the Sir Harry Oakes murder trial at Nassau, was the house-guest of A. A. Burnard, president of the Borrego Land and Development company, at the latter's newly erected "Desert Home of Tomorrow" located at the tract.

Mr. Schindler declined to state his purpose, but it was understood to involve a considerable investment by eastern capital interests in the booming new desert development.

Federalists To Meet on Monday

United World Federalists, Palm Springs chapter, will meet Monday, March 31, at 3 p.m. at the home of Miss Thyra Cohen, 1187 Granvia Val Monte to hear a talk on "Our Responsibilities to Future Generations" by Jennie H. Maiereder.

An open forum will follow the talk.

All are welcome to these meetings of the World Federalists.

Letters to the Editor

HE CALLS IT MILD

Dear Phat: First off—thanks for the write-up you gave me in leaving Palm Springs. My wife sent me a copy of it after I arrived home.

I got here about three weeks ago and really didn't hit any cold weather until I got to Missouri. The weather out here has been what we midwesterners call mild. Last week in Chicago it snowed about 6 inches in three days. Funny thing, though, I didn't mind the change from the sunny Palm Springs climate to winter's icy blast as much as I thought I would.

My regards to all the Sun gang and thanks for all favors shown me in the past. Best of luck to you, Phat, and keep on the right side of the Sun.

Sincerely,
Russ Ehresman.

Firestones Buy Estate in Palm Desert Section

Mr. and Mrs. Leonard K. Firestone were among the visitors last Sunday who selected one of the Shadow Mountain estates at Palm Desert for their winter home.

The Firestones plan to start immediately planting trees and shrubs and laying the foundation for one of the most beautiful homes on the desert. The plans include a semi-circular living room completely glassed in to take advantage of the gorgeous view of the entire desert and the snow-capped mountains in the distance.

Mr. and Mrs. Firestone were very enthusiastic about the development of Palm Desert and predicted a great future for the community. Mr. Firestone was astounded at the progress made since his visit to the project last year.

Seen at the Doll House have been Mrs. Harold Lloyd and her brother, Jack Davies, and his wife accompanied by young Harold Jr. The Harry Brots and the Kenny Brots helped little Sandra Brots celebrate her eleventh birthday with a cake and Felix's Happy Birthday music.

Vacationing here from Los Angeles are Mr. and Mrs. Marcel A. Atlas, past owners of Sack-Kay and the Atlas Engineering company of Detroit, Michigan.

Sylvia Fine, Mrs. Danny Kaye to you, but a fine artist in her own right. Mrs. Kay is responsible for all of her husband's ridiculous songs and manner of putting them over. She makes all of his musical arrangements and accompanies him on the piano during his personal appearance tours. The Kayes are staying at the Racquet Club.

Jack Capp, head of the Decca Record company, was the first brave soul to put out cheap records in such great volume that he was able to contract such artists as Bing Crosby and Johnny Mercer, whose appeal is widespread and appealed to those who wanted quantity as well as quality in their recordings.

Spring Days Call Residents Out to Picnic Luncheons

The warm spring days are an inspiration for La Paz guests to attend the festive picnics where horseback riders and buckboard travellers (plus a few sissies in the station wagon) trek over the desert trails to a beautiful mountain stream in the nearby canyons. On arriving at the cool palm shaded destination a picnic lunch is awaiting the travelers in a pretty spot by the cold, rushing mountain creek.

Among those attending last Saturday's picnic from La Paz Guest Ranch were Mr. and Mrs. J. H. Grinnell, of Vancouver, with their son, John, who flew from his school in Boston to join his parents in Palm Springs for the school vacation; Mr. and Mrs. Sam Nanini, Chicago visitors who have their own horses with them; Mrs. W. C. Talbot with little Bill and Judy, and Frances Toobias, all of San Mateo; and Ruth Sougey, manager of the guest ranch.

THE FRIDAY EVENING Western dances, which have been such a favorite with not only the ranch guests but many visiting in the Village who attended, will be held just two more times this season — this evening and next Friday.

Mr. and Mrs. George C. Pooley, who are over from Riverside until the end of the month with their son, Clinton, have brought their riding horses and take daily trips over the desert trails with other La Paz riders.

OTHERS NOTED lunching by the pool this week have been Mr. and Mrs. John H. Alvard, Mr. and Mrs. C. B. Harrison, Mr. and Mrs. L. H. Van De Bie (honeymooners), Mrs. John J. Keenan and son, all of Los Angeles; Mr. and Mrs. Marshall and two sons, San Francisco; Mr. and Mrs. W. I. Brown, London, England; Mrs. D. C. Armour, Santa Barbara; Mr. and Mrs. M. A. Rudin, another honeymoon couple from Los Angeles.

Mr. and Mrs. W. S. Carter, of San Mateo, who have been sojourning here for the past few weeks have purchased one of the G.I. houses being constructed here and plan on vacationing in Palm Springs for a longer period next season. As Mr. Carter was called to San Francisco because of his business this week, Mrs. Gilbert Richards, of Peninsula Country Club in San Mateo, now is staying with Mrs. Carter until the end of the month.

Burton, Schutt, designer and architect who has made the Bel Air Hotel in Bel Air known all over the world for its beauty, is staying at the Racquet Club and is intensively interested in the plans for Charlie Farrell's new Toyon Bay Club in Catalina.

Danny Kaye, comedian extraordinary, who startled Broadway with his zany manner of speech and foolish antics, has taken Hollywood by storm and is one of Samuel Goldwyn's brightest boys.

DON CABALLERO

BACK at home, is Linda Jean, a month old.

She is the daughter of Mr. and Mrs. Henry B. Tuttle and was born at the Community hospital here.

Tuttle and Jim Maynard, local police officer, are interested in the Phoenix Mining company.

GRAY LADIES of Palm Springs entertained another group of patients from Norco Naval hospital Tuesday. The group were guests of Frank and Melba Bennett at the Deep Well Guest Ranch for luncheon.

Later during the day they browsed around town, seeing the sights of interest and then enjoyed a swim at the Tennis club. In charge for the Gray Ladies were Mrs. A. E. Hoover and Mrs. Alice Guthrie.

RECENT DINNER GUESTS at the home of Estelle Konstant were Walter Daniels, well known Los Angeles builder, and Mrs. Daniels.

The very advanced and beautiful home of Lauritz Melchior, opera star, is among those Mr. Daniels built.

IF THE TENNIS CLUB was jumping the fore part of the week, blame it on to Lee Bering and his wife. For they are now grandparents.

Sunday at St. Vincent's hospital in Los Angeles, a daughter was born to Mrs. Thomas Lyons, their daughter, Lori Lee. The newcomer checked in at seven pounds, eight ounces. So, from now on in, it's Grand-pappy Lee.

GUESTS of Ernest Garbaccio, of Ocean Park, who is staying at the El Encanto, this week were Mr. and Mrs. Harry Larice, Miss Lucy Berino and John Berino of Union City, New Jersey.

Mr. Garbaccio is here with his aunt, Miss Sola Garbaccio. The New Jersey visitors were very much impressed by the desert and its sunshine.

COMMUNITY church was the scene last weekend of the marriage of Clarence C. Bowman of Tustin and Miss Virginia E. Bramley of Santa Ana.

Witnessing the ceremony were Mrs. Genevieve Manley and Donald Blanchard. After the ceremony, performed by Dr. J. R. Macartney, the happy couple left for their Orange county home.

PALM SPRINGS was the setting for the 49th wedding anniversary of Mr. and Mrs. W. R. Humphries of Pasadena and 146 Morongo road.

Mrs. Edgar Bridgeman was the hostess. Mr. and Mrs. Humphries expect to be down soon for a much longer stay in Palm Springs.

Disappointed at not being able to get a tan during her Christmas vacation in the Village, Miss Nancy Dale Jaynes, daughter of Mr. and Mrs. Oliver B. Jaynes, 260 via Las Palmas, arrived from New York this week determined to take back a suntan. Miss Jaynes is a senior at Finch Junior College.

She arrived in Los Angeles by plane Thursday and will come to Palm Springs after a brief visit with friends in Pasadena.

DR. AND MRS. Henry L. Dolard were hosts to a group of friends at the Tennis Club on Thursday evening. The party was given in honor of Mrs. and Mrs. Steve Royce of Pasadena.

Other guests at the delightful party were Mrs. C. Parker Toms of San Mateo, Mrs. Harley Higby, and Carl Higby of Grosse Point, Michigan, Barbara Brown and Tony Burke.

LAST SUNDAY evening Mr. John Frumkes of Lawrence, Long Island, New York, celebrated his birthday with a dinner dance at the Lone Palm. Among those present were Mr. and Mrs. Jack Meiselman, Mr. and Mrs. George E. Stone, Sylvan Strook, Mr. and Mrs. Edward Rose, Esther Magee, Mrs. Edith Window, M. Z. Holland, Henry Waxman, and Mr. and Mrs. Sydney Green.

MR. AND MRS. J. Randolph Dean left for Rochester, New York last week after an extended visit with their daughter and son-in-law, the Herbert H. Fosters of Rancho Mirage. Their new home has just recently been completed.

The Deans spent a few days in Westwood visiting their grandson, Roger Manwaring, and meeting their great grandson for the first time.

COL. AND MRS. R. R. McCormick stopped at Palm Springs for one night on their way to Los Angeles where they are being feted extensively. The couple, who are flying in their private Lodestar, had luncheon with Charlie Farrell at the Racquet Club and dinner with the George A. Robert Stroms of Deep Well. Col. McCormick is the owner of the Chicago Tribune.

NOTICE TO CONTRACTORS**
Notice is hereby given that the Board of Trustees of the Desert School District of Riverside County, California, will receive bids for furnishing all labor, material, transportation and services for the installation of ten evaporative type air coolers to be installed in the following existing school buildings: Nellie N. Coffman and Cahulla Schools, Palm Springs, California; Cathedral City School, Cathedral City, California; Desert Hot Springs School, Desert Hot Springs, California, each bid to be in accordance with the plans and specifications prepared by Clark & Frey, Architects, 869 North Palm Canyon Drive, Palm Springs, California.

Said plans and specifications may be obtained during business hours at the office of the Architects.
Bidders are hereby notified that the Board of Trustees has determined, in accordance with the Labor Code of the State of California, that the minimum wages paid on this project shall be not less than listed in the following wage schedule:

Trade or Occupation	Hourly Wage
Carpenter	\$1.65
Electrician, journeyman	2.00
Laborer, Building	1.15
Plumber	2.00
Sheet Metal Worker	2.00
For any classification not listed above:	
Skilled Labor	1.25
Unskilled Labor	1.15

It shall be mandatory upon the contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the said specified rates to all laborers employed by them in the execution of the contract.

Each bid shall be made out on a form which can be obtained at the office of the Architects; shall be accompanied by a certified or cashier's check or bid bond for 5 per cent of the amount of the bid made payable to the order of the Board of Trustees, Desert School District, Riverside County, shall be sealed and filed with the Architects on or before April 14, 1947, at 10 o'clock A. M. and shall be opened in public at or about that time in the office of the Architects.

The above mentioned check or bond shall be given as a guarantee that the bidder will enter into contract if awarded the work, and will be declared forfeited if the successful bidder refuses to enter into said contract after being requested so to do by the Board of Trustees of the Desert School District.

The successful bidder will be required to furnish a Labor and Material Bond in an amount equal to 50 per cent of the contract price, said bonds to be secured from a surety company satisfactory to the Architects and to the Awarding Body.

The Awarding Body reserves the right to reject any or all bids and/or waive any irregularity in a bid. Unless otherwise required by law, no bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

Dated: Palm Springs, California, March 27, 1947.

Sunday Theme 'Reality'

The Golden Text of the Sunday

Lesson—Sermon on "Reality" in all

branches of The Mother Church,

The First Church of Christ, Scien-

tist, in Boston, is this declaration

of the Psalmist, "Thou, O Lord,

shalt endure for ever; and thy re-

membrance unto all generations."

A citation from Matthew's Gos-

pel relates that when Jesus "was

come down from the mountain,

great multitudes followed him.

And, behold, there came a leper

and worshipped him, saying, Lord,

if thou wilt, thou canst make me

clean. And Jesus put forth his

hand, and touched him, saying, I

will; be thou clean. And immedi-

ately his leprosy was cleansed.

... When the even was come,

they brought unto him many that

were possessed with devils; and he

cast out the spirits with his word,

and healed all that were sick."

In "Science and Health with Key

to the Scriptures" Mary Baker Eddy

writes, "Jesus said: 'I knew that

Thou hearest me always;' and he

raised Lazarus from the dead,

stilled the tempest, healed the sick,

walked on the water. There is di-

vine authority for believing in the

superiority of spiritual power over

material resistance."

Episcopal Church Plans 2 Services For Palm Sunday

Palm Sunday services will be at 8:00 a.m. and 11:00 a.m. in the Episcopal Church of St. Paul's in the Desert. The Rev. Robert M. Hogarth, rector, will preach at the latter hour on "Master of His Soul."

Palm crosses will be blessed and distributed at all service during the day.

The weekday hours in Holy Week are as follows: Tuesday, 8:00 p.m., Sacred Cantata, "The Seven Last Words of Christ" by Theodore Dubois, sung by the augmented parish choir. Maundy Thursday, 10:00 a.m., Holy Communion in commemoration of the institution of the Lord's Supper on the night in which He was betrayed. Meditation by the Rector on "Fellowship in Suffering." Good Friday, 12 noon to 3:00 p.m. Holy Saturday at 4:30 p.m. Baptism for children.

Three Easter Sunday services will be held in the Episcopal church to accommodate all who desire to come: 7:00 a.m., Holy Communion, with Easter Hymns; 8:30 a.m. and 11:00 a.m., full choral Holy Eucharist and sermon.

Rev. Blackstone Invited East for Church Ceremony

The Rev. James Blackstone, assistant to Dr. J. R. Macartney as pastor of Community church, has been invited to attend the 20th anniversary of the pastorate of Dr. Clarence Macartney at the First Presbyterian church at Pittsburgh, Pa.

He will make the round trip across the continent by air. He was one of the first five assistants in the Presbyterian church there. All will be assembled for the happy occasion.

Dr. Clarence Macartney, youngest brother of the local pastor, was here to preach the dedication sermon of the Community church in 1936. He and all of the Macartney brothers, all ministers, have filled the pulpit in the local church many times.

Impressive Dedication Service Head

An impressive dedication service was conducted at Community church last Sunday at 11 a.m. when new solid silver Communion vessels were consecrated.

The gifts of Mrs. Ruth Bell, honoring the memory of her mother, Mrs. Mary Morrison, comprises eight trays of Communion cups and for patterns for distributing the bread.

For a number of years Mrs. Morrison was a winter resident of Palm Springs and took a deep interest in the religious life and church activities of the community.

Easter Savings Box Drive To End Soon

Easter Savings boxes, distributed some time ago at the Community church will be brought in Easter morning in Sunday school and church. The money will go for the relief of distressed people in Europe.

At this time of year you are seeing the handiwork of those photographic geniuses who have ventured into far Utopia and emerged with reasonable facsimile shots of that land's vegetables and fruits. You've guessed it; they sell their stuff exclusively to one market—seed catalogues.

Village Boy Scout
Fud Boosted \$400
at Rotary Session

The Boy Scout fund of the Palm Springs Rotary Club was enriched in the amount of more than \$400 Wednesday as visiting Rotary members from Washington and Oregon celebrated Northwest Day by taking over the program for the local club.

Under the direction of Earl Kennell of Seattle, the Northwest Rotarians chipped in the Boy Scout fund under slight prompting from two automobile men, Bill McKay of Seattle and George Braley of Portland. Warm appreciation was voiced by the local club officials to the Northwest men for the material gifts their contributions had been to the Boy Scout fund. The Rotarians sponsor troop No. 39 of Boy Scouts here and are currently raising funds to make an addition to the Scout hut on Sunny Dunes Road.

Lloyd Mason Smith, director of the Desert Museum, gave the principal address of the day, telling of the geological origin of the Colorado Desert on which Palm Springs is located. He explained that the Colorado Desert extends to the Little San Bernardino mountains beyond which are located Morongo Valley and 29 Palms. Particularly interesting to the visiting Rotarians was his description of how the Colorado river, breaking through its levees near Yuma in 1905, formed the modern Salton Sea. Although originally fresh, the water in the Salton Sea now is more saline than that of the oceans, only one or two hardy fish being able to survive it, he said.

Three musical numbers were played by the high school trio, consisting of Gustav Patzner, Mrs. S. H. Kestenbaum and her daughter, Myra.

NEWS NOTES FROM
Palm Village

By DON CAMERON

Spring landed in Palm Valley with a bang,—in fact with a hail storm, the like of which few men remember. However, the storm lasted a short time only and the wonderful warm days this week have brought the oleanders out in bloom and started a carpet of wild flowers on the sand dunes to the east of us.

At Palm Desert Carl Henderson's beautiful new house is about finished and last Monday Cliff started his place. Naturally, Cliff had a ground breaking ceremony complete with beautiful girls and movies being taken. Our own Don Maher was on hand with his tractor to do the grading job. Carl Henderson tells me that their double oval 60'x120' pool will be ready for the guests within a month and should be in operation by early summer.

INCIDENTALLY, Carl was strong for the name PALM VALLEY for the whole area, so too, was Bob Zimmer, executive vice-president of the Rancho Mirage corporation. Bob tells me that Hedy Lamarr has been working out color schemes for her two nearly completed houses. These are being done in soft pastels for her by that international color harmonist, Carlos de La Leon.

Neighbor Frank Bogert over at Thunderbird put on quite a hoe-down Friday evening. Don and Hilda Maher were there, also Ruth Warburton, Max Doubleday, Bill and Helen Reichel and Harold Lorentzen. Raymond Cree has some fine looking citrus trees on his new acre homesite in Thunderbird.

ON THE ADJOINING acre George Strebe has done some landscaping. Over in the Del Sol area Martha Reid has moved into her new house. She resigned her position at Torney Hospital and is now a 100 per cent rancher. The Dean Vincents are down from Portland spending some time on their ranch. Don Willard finished his new house next to Ben Valet's place. Paul Kersten, almost completely recovered from his tractor accident last fall, has started a new home on the northwest corner of his 240 acre grape ranch. Cliff and Inez Thompson have been spending a week with Raymond and Frances Hatton at their Rancho Paradise. Charles W. Sherwood of Cheviot Hills is spending a month with son Jack who manages Desert Airpark.

Amos Odell has been hollering about the jack rabbits eating his tender grape shoots on his ranch

Clinton Bassett
to Take Over as
Post Commander

Installation of recently elected officers of the Frontier Post of the Veterans of Foreign Wars has been scheduled to take place Sunday, April 26, at 1 p.m. in the auditorium of the Palm Springs high school.

At the same time installation of newly elected officers of VFW posts of Desert Hot Springs, Banning, Indio and Blythe will also take place in joint ceremonies. More than 400 persons are expected to be present at the affair.

OFFICERS of the local post to be installed are Clinton S. (Cap Lucky) Bassett as commander; Dean Picall, senior vice-commander; Bill Rashall Jr., vice-commander; John Miller, quartermaster; James Ramsland, chaplain; Fred Strombon and Marvin Hale, trustees; R. Trezvant, judge advocate; Chris Larkins, officer of the day; and Ernest Johanson, surgeon. A. L. McEvoy, also a trustee, has one more year in office.

Following the generally impressive services to be conducted under the guidance of Glen Hendricks of Santa Ana, supper will be served all present at some place as yet not designated. Invitation to be present for the installation has been extended to Department Commander Charley Ash, of Glendale.

adjoining Palm Dell so last Sunday morning at daybreak he assembled the Palm Valley Commandos armed with every known make of shotgun. The group included Realtor Culver Nichols, Barney Johnson, Al Hoover, Clyde Berglund, Gene Johnson, Sammy Mata, Harry Scott and Ray Burk. These boys really worked the place over. How the score came out was never disclosed but along about 7:30 a.m. Amos and Nell Odell took the tired hunters down to a ham and egg breakfast at the Palm Village Malt Shop. Incidentally, this place is putting out some swell groceries. It is being operated by Ethel Bronte, Lois and Leonard Paul. Leonard was formerly with the Tennis Club.

AT THE PALM DELL office we have tickets for the rodeo and the Air Circus so stop in and get them from Clyde Berglund or me.

The time is getting short as the rodeo is April 12 and 13 and the air circus the morning of the 13th. Cheerio, Mates!

Cathedral City Annual Cactus

History of Cactus Jumpers Jamboree is Told in Story Written for Sun By Claude Cobb of Cathedral City

A brief resume of the Cactus Jumpers Jamboree reveals that the whole idea was built around the name itself.

Our Chamber of Commerce was organized February, 1937, and our first meeting was held in the Community house of the DeLux Trailer Park.

The charter members numbered forty, out of that number a daring plan (financially daring in the year 1937) was conceived to buy a lot and build our own meeting place.

OUR MEMBERSHIP dues at that time were only \$3.00 per year and our treasury balance just a little better than \$100.00. However, we borrowed the money, four firm believers endorsing the note and a trusteeship was formed to take title to

the property, ways and means for paying were considered and a benefit organization formed which we called The Cactus Jumpers Jamboree. There is a lot of success in a good name, so we were.

The Chamber of Commerce is incorporated and all property is free and clear. We have since made several additions to the original building, recently adding about 500 square feet to the main room. In addition to providing a community civic meeting place, it provides a place for the County Public Library. The fire department, the church and Sunday school it housed for a short time, the elementary public school, picture shows, lectures, in fact in use

Cathedral City C. of C. Board in Busy Session

The board of directors of the Chamber of Commerce held a dinner meeting at the home of Director Carroll Waller Wednesday evening.

The change was necessitated by the holding of the Cactus Jumper's Jamboree on Saturday, the usual luncheon day. It was Mrs. Lolita Waller's turn to be chairman for the serving of the meal. Mrs. Edna Cobb was her assisting chairman.

almost every night during the season.

WE HAVE A completely equipped kitchen. All of this bought and paid for by our Jamboreers. Last year's proceeds are earmarked for the improvement of our public park, and from the proceeds of this year's Jamboree, we hope to start a permanent home for our fire department, which by the way is state owned equipment and subject to call in all this desert area.

Yes we of Cathedral City are justly proud of our past results and you haven't seen anything yet.

At this time we would like to thank you folks who have made all of this possible.

"Stand up," shouted the evangelist. "Stand up if you want to go to heaven."

Everybody stood up excepting one old man.

"Don't you want to go to heaven?" asked the preacher.

"Sure I do, but I'll be da-gummed if I want to go with an excursion," replied the oldster.

Before glass blowing was discovered, hollow vessels were made by winding rods of hot softened glass around a sand core.

"Sez I"

BY MARY WOLSETH

"I will be glad to round up the news items for the Round-up page for Cathedral City from May to November if everybody will help me by turning in the news," sez Dorothy Maddox, corresponding secretary for the Cathedral City Woman's Club who is to live at, and take care of, Desert Lodge for the summer. "But I cannot do it alone. Dorothy Crawford says she'll write the 'personals' while here, through her contact with the Cathedral Store, and Paul Clark, as secretary of the Chamber of Commerce says he'll contribute articles if he knows anything. Bill Hillery says he'll help Robert to write articles which absentee property owners should know. How about some of these other people who are going to be here helping out?"

We have obtained over thirty new subscribers on the basis of our Cathedral City New Round-up. I know that when I used to go away in the summer and the Desert Sun arrived, I would turn right to Bill Hillery's column. Judging from the comments which have come in already, this column should be continued through the summer at least once a week. When you are away on vacation if you would drop a letter to Dorothy Maddox telling her what you are doing, that would help a lot too, sez I.

Our cities have grown more in squalor than in beauty. The reason for this lack of vision has been the apathy of the general public and the fact that selfish and incompetent men have been elected to responsible positions. —Newbold Morris, former president New York City Council.

Red Cross Quota Over Top by Fifty Per Cent

The Red Cross quota for Cathedral City was over-subscribed by 50 percent by March 15 exclusive of the amount contributed by the Clubs.

The quota was \$650 and the community raised \$989.67. Walter Melrose gave his personal check for \$500 to his mother-in-law, Mrs. Emma Hammill and the Cove Club gave \$350. This money combined to give this district \$1839.67.

Mrs. Lolita Waller, chairman, wishes to thank all the workers who helped her to turn in this spectacular total in record time.

The bonds herein referred to were voted for the purpose of raising money for the purchasing of school lots, for the building or purchasing of school buildings, for the making of alterations or additions to the school building or buildings other than such as may be necessary for current maintenance, operation or repairs, for the repairing, restoring or rebuilding of any school building or buildings, or for the purpose of fire or other public calamity, for the supplying of school buildings with furniture or necessary apparatus of a permanent nature, for the permanent improvement of the school grounds.

The assessed valuation of the taxable property in said School District for the year 1946 was \$17,321,530.00. The amount of bonds previously issued and now outstanding is \$89,000.00.

The said School District includes an area of approximately 274 square miles, and the estimated population of said School District is 5,375.

The bonds will be sold for cash only and at not less than par and accrued interest to the date of delivery. Each bid must state that the bidder offers par and accrued interest to the date of delivery, and state separately the premium, if any, offered for the bonds bid for, and the rate of interest said bonds shall bear.

A certified or cashier's check for a sum not less than five per cent (5%) of the amount of the bonds bid for, payable to the order of the Chairman of the Board of Supervisors, must accompany every bid as a guaranty that the bidder, if successful, will accept and pay for the bonds described in the accepted bid in accordance with the terms of his bid, and said check shall remain in the possession of the Board of Supervisors until all of said bonds are bid for, provided, however, that no such guaranty shall be required to accompany the bid of any State or Federal Agency. The Board reserves the right to reject any and all bids.

Palm Springs Union High School District has been acting as a school district under the laws of the State of California continuously since 1939.

By Order of the Board of Supervisors of the County of Riverside, State of California, adopted March 17, 1947.

G. A. PEQUEGNAT, County Clerk and ex officio Clerk of the Board of Supervisors.

By W. G. WAITE, Deputy.

Mrs. Lucy Abels Host to Officers of Cathedral Club

Wednesday, March 26 at Cathedral City was a day marked by Big Business. Mrs. Lucy Abels, retiring president of the Woman's Club, entertained her officers and board of directors to luncheon in her home, as a gesture of farewell.

They discussed the revision of by-laws being worked upon by Mrs. Bessie Kelley, Mrs. Agnes Gould and Mrs. Mary Wolseth. The by-laws had not been revised since the start of the club

in 1938 and must be put in form for presentation to the Federation in the Fall.

Plans for the installation luncheon at the Totem Pole Cafe, Wednesday, April 2, were also discussed. A pleasant social hour was enjoyed.

SELF-APPRECIATION

Just listen to that man talking to himself," commented the wife to her husband. An elderly man, walking in front of them, was talking to himself in a very serious and admonishing tone. Apparently he overheard the remark for he slowed down and lifting his hat, bowed deeply and with twinkling light in his eyes said: "Pardon me, madam, but it is necessary to talk to someone sensible sometimes."

Cactus Jumpers Jamboree to be Held From Noon to Midnight at Cathedral City Tomorrow, March 29

The Cactus Jumper's Jamboree will be held from 1 p. m. to midnight in the Town Hall, Saturday, March 29. Prizes, a barbecue, and a cake-walk will be the highlights of the event.

Fifteen firemen met at the lumber yard on Tuesday night and discussed ways and means with Mrs. Edna Cobb, their assistant chairman. All of the boys work all day long and they turned to that ever-ready and willing executive and organizer to help them out. Her plans have been made with the Chairman John Cason and they will put over this event in its usual royal way.

Oscar Levier, Jim Wolseth, Elmer Colglazier and L. C. Lewis were combining to put in the air-cooler, purchased from the Larri-sons by the Woman's Club in time for the Saturday event. If it isn't in working order by Saturday there are going to be a lot of men and women pretty hot under the collar, because that kitchen is like a steam table itself when the sun shines on the roof.

Personals Cathedral City

Dr. Ernest Elman from Sioux Falls, Idaho, is visiting his wife, Mrs. Blanche Elman, who has returned to Broadway Court again as a winter visitor. Mrs. Elman has been ill but the medical reports show that her condition is not so serious as had been feared. Dr. Elman is a well-known dentist in his home town.

Girl Scouts are moving furniture into their new house and putting it in order in preparation for their grand opening, the date of which has not been set yet. Construction of tables and floor covering is the next item on the list of "things to do."

Mrs. Edna Cobb and Mrs. Alphanay Larri-son took the Larri-son pick-up truck and gathered up the surplus stoves, water heaters and odds and ends at the Town Hall which were taking up space. They went to Indio and disposed of them for a small sum which they promptly turned around and spent for Jamboree kitchen needs. Nothing stops these girls when they want to get something for the Town Hall.

The Fire truck answered a hurry-up call the other night when an automobile was reported burning on the highway. By the time they reached it the fire had been put out.

Mrs. Bessie Harvey is accommodating at reduced rates, two of the county construction workers who live away from their Riverside homes while the flood control levy is being built. A third worker and additional equipment will be put on the project as soon as the road department can release it in order to hurry the work before the summer floods occur.

J. G. Henson, a stockholder of the Palm Desert Corporation, is a guest of the Sunhaven Court working out plans for further development of his desert investment. He makes his home at the Jonathan Club in Los Angeles, but has been a desert enthusiast for twelve years. He says it wouldn't take much to get him down here the major part of the year.

Mrs. Marguerite Hillery spent a few days in Los Angeles visiting her two aunts, who always send for her when they need comfort or help.

The Woman's Auxiliary will meet at the home of Mrs. Daisy Russell on Thursday, April 3, at 2 p. m. All ladies in town are invited to attend.

Mrs. Signa King will sing the Palm Sunday anthem at the Community church service Sunday, March 30. She is from Seattle, a guest at Miss Lydia Ang's and was church soloist two weeks ago.

Frank and Daisy Russell rented a cabin at Lake Henshaw the beginning of this week and invited the Crawfords and Camps to go fishing. The bags were really biting and Frank caught one over

TIP ON SEATING GUESTS

Sir Mark Young, liberated governor of Hong Kong, is known for his lively wit.

One day, at a luncheon in Government House, a lady prominent in society was vexed to discover that she had been seated at the end of the table, instead of next to the host. This was a blow to her prestige.

At the end of the meal she approached Sir Mark and said rather tartly: "Apparently you don't care where you seat your guests."

"Madam," he replied, "those who really matter don't mind where they are seated. And those whose mind don't usually matter."

Bigger sales of trailers are reported from the Auto Trailer Exchange on Broadway and Laver- dar Lane than from any other branch of this big concern for the month of March. This was the word brought to Lloyd Watkins, manager of this branch by the head office this week. Lloyd is swelling with pride over his record. He says he sold ten trailers this month and it may go over that number.

Jimmy and Gretchen Swinnerton were guests at Desert Lodge for a few days this week. Mrs. Swinnerton owns property at the corner of B and Cathedral Canyon Drive. Frank paints desert pictures, and has been coming to the desert for 30 years. He says he transferred his fondness from Palm Springs to Cathedral where Big Business came in, drowning the desert view.

Harry Bergman To Take Charge of Big Barbecue

Harry Bergman, pioneer rancher of Anza Valley, will have charge of the Pit Barbecue at the Cactus Jumpers Jamboree tomorrow. His reputation has gone before him and those attending the event are anticipating beef to their liking.

He has conducted these events for a number of years, and, as he raises and processes his own beef, he knows his subject.

He is a museum collector, well-known in the state, and has a wealth of objects housed at his ranch at Aguanza and can converse at some length on each of them.

The Bergman family has lived in the Anza Valley for more than 100 years.

AMERICAN READING

A Twentieth Century Fund survey shows that Americans read more newspapers than the people war, circulation was sufficient to of any other country. Before the provide one paper for every three persons and the number of Sunday papers equalled the number

of families. Today more than 40 per cent of people in the United States over 10 years old buy newspapers.

A Man's Voice

By ETHEL GILLET WHITEHORN

There are some who say it is futile to lean on memories. However, there is one memory that every red-blooded American should be using as a basic prop, namely Washington's Farewell Message to Congress which dates back to 1796. The words the first President of the United States spoke 151 years ago were timely then; they are just as timely today. The following sentences are taken from this, one of the greatest of reverend and honored documents:

"Against the insidious wiles of foreign influence (I conjure you to believe me, fellow citizens), the jealousy of a free people ought to be constantly awake; since history and experience prove that foreign influence is one of the most baneful foes of republican government. . . . The great rule of conduct for us, in regard to foreign nations, is, in extending our commercial relations, to have with them as little political connection as possible. . . . Why quit our own to stand upon foreign ground? Why, by interweaving our destiny with that of any part of Europe, entangle our peace and prosperity in the toils of European ambition, rivalry, interest,

humor, or caprice? . . . Harmony, and a liberal intercourse with all nations, are recommended by policy, humanity, and interest. . . . But there can be no greater error than to expect, or calculate upon, real favors from nation to nation. It is an illusion which experience must cure, which a just pride ought to discard."

IT WOULD be interesting to look into the minds of those, who due to a lack of understanding of American history, or a careless attitude toward it, are now about to find themselves probed by the Department of Justice and the Un-American Activities Committee. Fortunately, indeed, is the American citizen, who from his most tender years, has clung to the ideal of "one nation—indivisible—with liberty and justice for all." Unfortunate is he who has lent his ear to the sly propaganda that America sovereignty should be split into separate and distinct parts and scattered over the universe.

The most searching investigation ever held in this country is now underway. The money to carry the cost of it has been appropriated—the files are being assembled. I, for one, am glad I never permitted my name to be used by any propagandists who set themselves above the Constitution of the United States.

Legion Auxiliary Post to Meet and Talk Circus Plans

An important business meeting of Owen Coffman Unit, American Legion Auxiliary, is scheduled for Wednesday evening, April 2, at the Desert Inn Fiesta House, at 8 o'clock.

Final arrangements for the Unit's participation in Desert Circus Week events will be made. The Auxiliary's flag and banner are to be entered in the circus parade April 12. The four equestrian color bearers and guards will be selected from the organizations membership.

SATURDAY and Sunday, the 12 and 13, will find a large committee of members busily engaged in helping Owen Coffman Post, The American Legion, raise funds at the championship rodeo to be sponsored by the Post, for the proposed Memorial Building. The Auxiliary has taken over the responsibility of the hot dog and ice cream concessions at the Field Club, during the round-up. Other business pertaining to Auxiliary activities in the near future are on the agenda for Wednesday's meeting, and the president, Mrs. Marian Lienau, urges all members to be present.

Webster Hall of San Bernardino, is Heard by Masons

Palm Springs Masonic Luncheon Club held its regular monthly meeting at the Desert Inn, Tuesday noon, March 25. Webster Hall, prominent educator of San Bernardino, guest speaker of the day, was introduced by Dr. E. E. Oertel, principal of the Palm Springs high school, and gave an inspiring talk on the citizens' responsibility to education and the public school system.

Under the head of routine business the following officers were elected for the ensuing term: G. K. Sanborn, president; Wilson Gibbs, first vice-president; William P. Leonesio, second vice-president; John Archibald, the retiring president, treasurer; and Chet Hooper, secretary.

FOR MANY YEARS the Masonic luncheon group has been the backbone of Masonic activities in this area. It was the spon-

soring body for Palm Springs chapter, Order of De Molay. From the club membership have been selected the officers and charter members of the new Palm Springs Masonic Lodge which will be instituted Wednesday evening, April 2, at 8 p.m.

Members of the club who are also Shriners have been instrumental in securing for Palm Springs the Shrine Ceremonial which will be held in this city April 26.

The next luncheon meeting will be held Tuesday noon, April 29. All resident and visiting Masons are welcome.

THE TENNIS CLUB was the setting for a delightful dinner party given on Wednesday night by Mr. and Mrs. Thomas J. Fleming, who are vacationing here from Chicago.

Mr. and Mrs. Fleming had as their honor guests Mr. and Mrs. Sam Kraemer. Others enjoying the dinner and evening of dancing as well as the cocktail party held at the Town Hall, where the Flemings are staying, were Mrs. William Malouf, Mr. and Mrs. Humbert Scantenna, Beth Scott, Dodd Healy, and Larry Woods.

SEVERAL GROUPS of Redlands residents were hosts at separate luncheon parties at the Tennis Club on Wednesday.

Mrs. Martin J. Sweeney and Mrs. J. A. Serrill hosted a group that included Mrs. Charles Clock, Mrs. Horace Pastorius, Mrs. E. S. Pohl, and Seattle's Mrs. Lincoln Smith, and Mrs. Baker Lewis.

Mrs. Fred Honey had as her guests Mrs. Marjorie Edwards, Mrs. George Perry and Mrs. William Eadie.

Mr. and Mrs. James Simands entertained for Mr. and Mrs. Jur-

gen Lorentzen of Balboa and Pasadena, Mimi Bacon, Mrs. Lorentzen's daughter, and their son, Albert Simonds, who is home on vacation from Stanford University.

With Mrs. Joseph Reay were Mrs. Bailey Cook, Mrs. John Hundley and Mrs. Scott Burns, all of the neighboring city.

Truck Taxes Total Big

State governments in the United States collected \$2,272,000,000 in truck taxes from 1942 through 1945, which was more than the states spent on highway construction, maintenance and administration in the corresponding period.
